# THE BAND

---

## BIOGRAPHY

It shouldn't come as a surprise that Guns N' Roses could debatably be named the most anticipated act currently touring the world. Their current "Not In This Lifetime" reunion tour has been pivotal in solidifying Guns N' Roses into Rock N' Roll legend status. Fans that bought 1987's *Appetite For Destruction* (the highest selling debut album of all-time) and 1991's *Use Your Illusion I & II* are now exposing their grandchildren to these shows. Good music truly transcending through multiple generations.

Leaving the fact aside that touring the world will take some time, ticket prices to the current GN'R tour aren't accessible for many people. This creates a vacuum for a tribute that does the band justice, Lose Your Illusion meets and exceeds those demands.

Lose Your Illusion is a Guns N' Roses tribute that covers the entire career span of the band; with the more modern image and consistency of the current, reunited line-up. Lose Your Illusion meticulously performs hits like *Welcome to the Jungle*, *Paradise City*, *Sweet Child O' Mine*, *Patience*, *November Rain*, and countless others. The band's repertoire that includes over three and a half hours of music delves deep into hits, fan-favorites, and iconic live renditions that are etched into the memories of the die-hard and casual fans. The band is based in Los Angeles, California and made up of professional individuals, who have extensive experience in the music business. Including touring with original GN'R drummer Steven Adler, and other well known bands, song placements on major cable TV shows, among many other accomplishments.

You can be sure that the band will put on a great stage show and has an outstanding professional reputation, that more than speaks for itself. If you want your patrons to leave your venue raving about the talent you showcase, Lose Your Illusion is a great addition to your roster. Additionally, we guarantee that they'll leave feeling like they just saw the real Guns N' Roses in a more intimate and up-close encounter.
