Old Business: Review of Commercial Solar Farms, Use and Zoning Requirements: This discussion was deferred until the outcome of a Polk Township hearing on this subject which is pending.

Frantz Minor Subdivision, Jonathan Shupp, Representing:
Extension date (2/1/2024) : Due to the fact that no extension agreement has been received in a timely fashion:

➤ There was a motion by Robert Boileau and seconded by Scott Clark to recommend to the Board of Supervisors the application be denied for the following reasons:

- Deficiencies noted in the Township Engineer's review letter of June 12, 2023;
- Deficiencies noted in the Solicitor's memorandum of June 14, 2023, an additional copy of which is enclosed herewith; and
- The Application's failure to demonstrate record access between the property and a public street.

Motion carried (6-0).

Notwithstanding the Planning Commission's recommendation, the Planning Commission was in agreement that, if the applicant or their representative were to provide an extension for Township review of the Plan, which was accepted by the Board of Supervisors, then the Planning Commission would be amenable to having the Plan being sent back to the Planning Commission for review going forward. A re-application would not be necessary if an extension was granted.

Model Ordinance for Warehouses/Truck Terminals:

The Planners reviewed the sections of the Model Ordinances by Penn Future, Jackson Township and Monroe County section by section and discussed which provisions were relevant to Eldred Township and which were not.

Since Truck Terminals are not a Permitted Use in Eldred Township any reference to that use will be omitted.

The planners discussed areas of concern including the details of parking areas, lighting, the size of any building, access to highways, landscaping and buffer zones, and building heights. Since many of the items covered in the model Ordinances are already regulated as part of our existing Zoning or SALDO Ordinances, Solicitor Gaul did not feel it necessary to create redundancy of those regulations in this proposed Ordinance. The possibly redundant sections will be given to the Zoning Officer to compare against current Zoning Ordinance sections.

Based upon this lengthy discussion Solicitor Gaul will be preparing an Ordinance for review.

Public Comment: There was no Public Comment.

Adjournment: There was no being no further business:

- There was a motion by James Leiding and seconded by Megan Yarashas to adjourn. Motion carried (6-0). Meeting adjourned.
