DATE:
To Board of Directors,
1/We request approval to place a second trailer on our adjoining lot, known as Lot Glen at Breezewood Acres. I am aware that said lot must be deed restricted (combined) by the deed with my primary lot. I am also aware that there is an additional charge of \$100.00 due date of placement of the second trailer and will be due thereafter each year on January 1 st . There are no restrictions on electric or water hook-ups. Also, I am aware that the trailer cannot exceed thirty-five (35) feet in length.
My plot plan is located on the back of this form showing any existing structures. I am aware that all structures must be placed no less then six (6) feet from all back and side property lines and no less then fifteen (15) feet from the front property line. Also, the trailer must be five (5) feet from all other structures on the property.
Before placement of any (RV) I must first provide Breezewood Acres with a copy of an approved permit issued by either Lehigh or Dreher Townships.
Proof (COPY) of trailer ownership must be submitted before approval.
Very truly yours,
