The Annual Gala of the Wounded Officers Initiative is an elegant dinner fundraiser which highlights and honors the sacrifices made by law enforcement officers who were catastrophically wounded in the line of duty.

The Honorees of this event are wounded law enforcement officers from across the United States of America. These Heroes were brought together in Orlando to participate in this and other events as part of the Wounded Officers Initiative's Heroes Weekend.

Your attendance at this unique event, the only of its kind in the entire nation, is not only appreciated but helps assure Their Sacrifice is Never Forgotten.
