

# **Lowell Volunteer Fire Department**

## **Air Pack Proposal**

**Air Pack---\$8,175**

**Each pack would come with two air bottles and two face mask.**

**Ten of our packs need replacing and the dept. will buy two of those.**

**The eight remaining packs needed will cost \$65,400**

**We are asking for ARPA money which will keep from raising taxes.**

**These packs need replacing as they are not only outdated but no longer meet NFPA standards.**

**If not approved our only option would be to put it on a warning for town meeting which will raise taxes.**
