

ENGINEERS | ARCHITECTS | SCIENTISTS

"In order to have a better world, we must first have a world of better men."
- Herb Scobie minn32

Accepted Majors List (Iowa State Chapter of Triangle)

[last updated 11/3/19]

Approved:

Aerospace Engineering, B.S.
Architecture, B.Arch.
Bioinformatics and Computational Biology, B.S.
Biology, B.S. (Liberal Arts/Sciences)
Chemical Engineering, B.S.
Chemistry, B.S.
Computer Engineering, B.S.
Construction Engineering, B.S.
Electrical Engineering, B.S.
Genetics, B.S. (Liberal Arts/Sciences)
Mathematics, B.S.
Microbiology, B.S.
Software Engineering, B.S.

Agricultural Engineering, B.S.
Biochemistry, B.S.
Biology, B.S. (Ag./Life Sciences)
Biophysics, B.S.
Chemistry, B.A.
Civil Engineering, B.S.
Computer Science, B.S.
Earth Science, B.S.
Genetics, B.S. (Ag./Life Sciences)
Industrial Engineering, B.S.
Mechanical Engineering, B.S.
Physics, B.S.

Pending Approval:

Actuarial Science, B.S.
Biological Systems Engineering, B.S.
Data Science, B.S.
Materials Engineering, B.S.
Statistics, B.S.

Agricultural Biochemistry, B.S.
Cyber Security Engineering, B.S.
Geology, B.S.
Meteorology, B.S.

*Note, although this was a comprehensive list as of 11/3/19, it is possible some new majors may be added to the university catalog since then, and may be worth submitting to nationals for approval. Generally speaking, the requirements nationals use are that the majors must: be a B.S. and require at least 2 semesters of Calculus.

There is a more detailed (and less reader friendly) spreadsheet with all the information used in determining this list, within the recruitment committee folder (or just follow this link <https://docs.google.com/spreadsheets/d/107M6-h7JsUsOtlvKOPvomeminlfWvQCUtEDEc6Dd8Aw/edit?usp=sharing>)
