

# Post service Officers Report

More about Veterans Evaluation Services (VES). From this day forward when a claim is filed with the Dept. of Veterans affairs if deemed necessary the VA will send exam scheduling to VES who intern will schedule an exam most likely in Bangkok. The veteran will first get a questionnaire by email which must be answered and in about thirty days after answering the questionnaire will receive again by email the date and time and location of the exam. The veteran is allowed one reschedule and if that cannot be made VES will then send it back to the VA for future consideration.

This is a Veteran owned company contracted by the Dept. of Veterans affairs.

If you have any questions concerning VES please email me my email is on our website.

YIC,

Barry P. Moshinsky

Post Service Officer
