

Spiritual/Political Resistance Essay

Katie Bryant

Lowe's Grove Magnet Middle School, Durham, NC

My poster relates to the theme of unarmed resistance because it depicts the burial of the Ringelblum milk can in the Warsaw Ghetto. The acts leading to the burial of the milk can were one of the largest efforts made to document life in the ghettos. A group of historians, writers, teachers, and rabbis led by Dr. Emmanuel Ringelblum, wrote diaries and prayers, commissioned papers, collected posters and papers and preserved them by encasing them in a milk jug and burying it in the cellar of a building. This made it so people in the future could truly know the crimes that were committed by the Nazis against Jewish people, and ensure that these atrocities would eventually be brought to light.
