

# NEW SlatTrax<sup>®</sup>

## Roll out and retrieve Trax™ to protect turf from heavy equipment at work sites

U.S. Patent No. 8,784,002 B2

### Features

- Trax - durable ¾" thick recycled plastics @ 36" or 42" widths
- Deploy (and retrieve) 100' of Trax in less than 2 minutes
- Hydraulically driven system; compact loader attachment
- Trax are linked together with PVC impregnated strapping
- Convenient storage and ease of maintenance
- Made in the U.S.A.

### Advantages

- Smart alternative to overlapped plywood, mats, etc.
- Easy to deploy and retrieve
- Increase productivity of work crews (95% less time than plywood)
- Profitable alternative to damaged turf replacement
- Avoid unnecessary injuries
- Savings in storage, replacement and disposal versus other options

### Basic Operation

- Connect attachment plate to loader
- Connect hydraulic lines
- Proceed to worksite
- Deploy Trax with power roll out
- Disconnect Trax from spool at terminal points
- Following work, retrieve under power to roll up Trax
- Return unit to storage

SlatTrax are exclusively manufactured for and marketed by Property Props, Inc. Plymouth, MN

## Additional Product Information

Trax Width

System Width

	88"	106"
Trax Width (each)	36"	42"
Length of Dual Trax Options:	Weight (lbs)	Weight (lbs)
100 Feet	2,450	2,770
75 Feet	2,000	2,250
50 Feet	1,550	1,740
Resulting Trax Outside Width	80"	98"
Weight of Each 25' Length of Trax	225 lbs	260 lbs

Release Buckles

Release Buckles are located at each 25 feet along the length of the Trax so that you can "drop off" sections as may be required or preferred when reaching work locations or navigating corners, etc. The sections can be maneuvered manually to desired configurations, but need to be realigned for retrieval onto the SlatTrax attachment.

When ordering SlatTrax consider the weight capacities of your equipment and track base.

How will your equipment fit on the Trax options below?

## Pricing

Item	Product Description	Weight	Trax Length	Trax Width	FOB Price*
<b>SlatTrax</b>					
10100-36	Attachment With Dual (2) Trax	2,450 lbs.	100 Feet	36 Inches	\$9,295.00
10100-42	Attachment With Dual (2) Trax	2,770 lbs.	100 Feet	42 Inches	\$9,895.00
10075-36	Attachment With Dual (2) Trax	2,000 lbs.	75 Feet	36 Inches	\$8,195.00
10075-42	Attachment With Dual (2) Trax	2,250 lbs.	75 Feet	42 Inches	\$8,695.00
