

Style Machine Tools Limited

Environmental Policy

Last reviewed: February 2018
Next Review Due: February 2019

Introduction

Style Machine Tools Ltd recognises its responsibility for the environment. As a company, we endeavour to reduce the overall environmental impact of our operations related to the service, repair and sales of engineering machinery.

We will ensure compliance with all relevant current and future legislation, regulations and appropriate codes of practice.

Our Commitment

We are committed to minimising the environmental impact of our operations. In particular, we will achieve this through our commitment to:

- reduce the amount of waste we produce;
- avoid using more water, or creating more wastewater, than is necessary;
- avoid wasteful consumption of raw materials and fuels;
- reduce and/or limit the discharge of pollutants to water, land and air;
- use recyclable and renewable materials where possible;
- minimise noise from our site, so far as is possible bearing in mind the nature of our business.

When working at our customers' premises, we will operate in line with their environmental policies, to the extent that we are made aware of them.

Review

We strive for continual improvement in our efforts to minimise our environmental impact. We will review our progress annually, at the time of reviewing this policy.

This policy is effective immediately and will be reviewed every 12 months.
