

Erin Roberts
Girls Water Polo

When did you start playing your sport and how did you get introduced to it?

I started playing water polo Freshman year after being on swim team and having all of the upperclassmen tell me I should do it.

Do you play any other sports?

I swim and compete gymnastics for NVHS as well.

What has your sport taught you and what lessons have you pulled from it?

Water polo has taught me how to channel my aggression into positive ways. I have learned how to communicate with many people. I have learned how to organize a group of 36 people to all be one the same page.

What do you wish you knew when you were just starting?

I wish I knew that things are hard for a reason. Even when you lose, you learn a lesson, improve, and do better next time.

What quote/inspiration do you resort to when things get really hard?

No matter how you feel, get up, dress up, show up, and never give up.

Share something about you that isn't well known.

I have a pet rabbit named Cinnamon.

Where do you go from here? College plans?

I will be attending the US Merchant Marine Academy pursuing a major in marine systems engineering and a career as a Naval Officer. I will also be swimming and playing club polo.

Do you have a role model?

I do not just look up to one specific person. I pick certain traits and attributes from all of my coaches, family, and friends and look up to that instead.
