

## Indiana APT April, 2022

### President's Notes April, 2022

Hello Fellow APT members,  
Spring is here!

Crocuses, Hyacinths, Daffodils, Tulips  
- they are all showing their colors in Southern Indiana. I hope you are seeing new color in your part of Indiana also. I even have the yellow of Dandelions and purple Violets in my yard, which most people consider weeds but I kind of like to see the yellow and purple together.

It definitely is a time for growth and renewal.

Speaking of growth and renewal, your Indiana APT Branch Board has been working diligently to bring you another information packed Conference in June. I hope you are all considering attending it. I can guarantee you will learn new ideas or reinforce and remember old tried and true ideas.

With the conference we will be closing out our year and looking toward a new year. We need your help though. It is time to call out to anyone who may be interested in working on the Board. The positions require some additional time commitment including approximately 4 meetings a year. We need your skills and support. Please give this some serious consideration. New people always bring a breath of

fresh air into the mix.

The board has also revamped our bylaws. We will need a vote at the Annual Conference meeting to accept these amended bylaws. I will be sending you a copy of the bylaws in May to review so you can bring your questions and concerns to the conference.

During this rainy spring season, I would like to leave you with this quote from Vivian Greene. "Life isn't about waiting for the storm to pass. It's about learning how to dance in the rain."

Your APTFL,  
Claudia Dominik

---
