COMO PARK : CONCEPT A -VIDEO

PROPOSED CONCEPT B

1) Develop an Super Important Continuing FLOW from our Community Entry, the Town Hall, "THE PARK", through to the Beach club and the Walkways

2) Remove the Flagpole and place a "GREAT POLE" "Where it Belongs" AT THE TOWN HALL

3) Utilize ALL Elevations (tiers) the coconuts are a fantastic high level canopy and a great vehicle for all kinds of plants - from orchids to bouganvillias to vines etc (good thing my parents didnt get rid of me when I passed 6 ft tall)

4) The Pros and Cons of various trees especially the Butterfly (hong Kong Orchid tree)

5) A Water Element or Fire Element IS AWESOME!

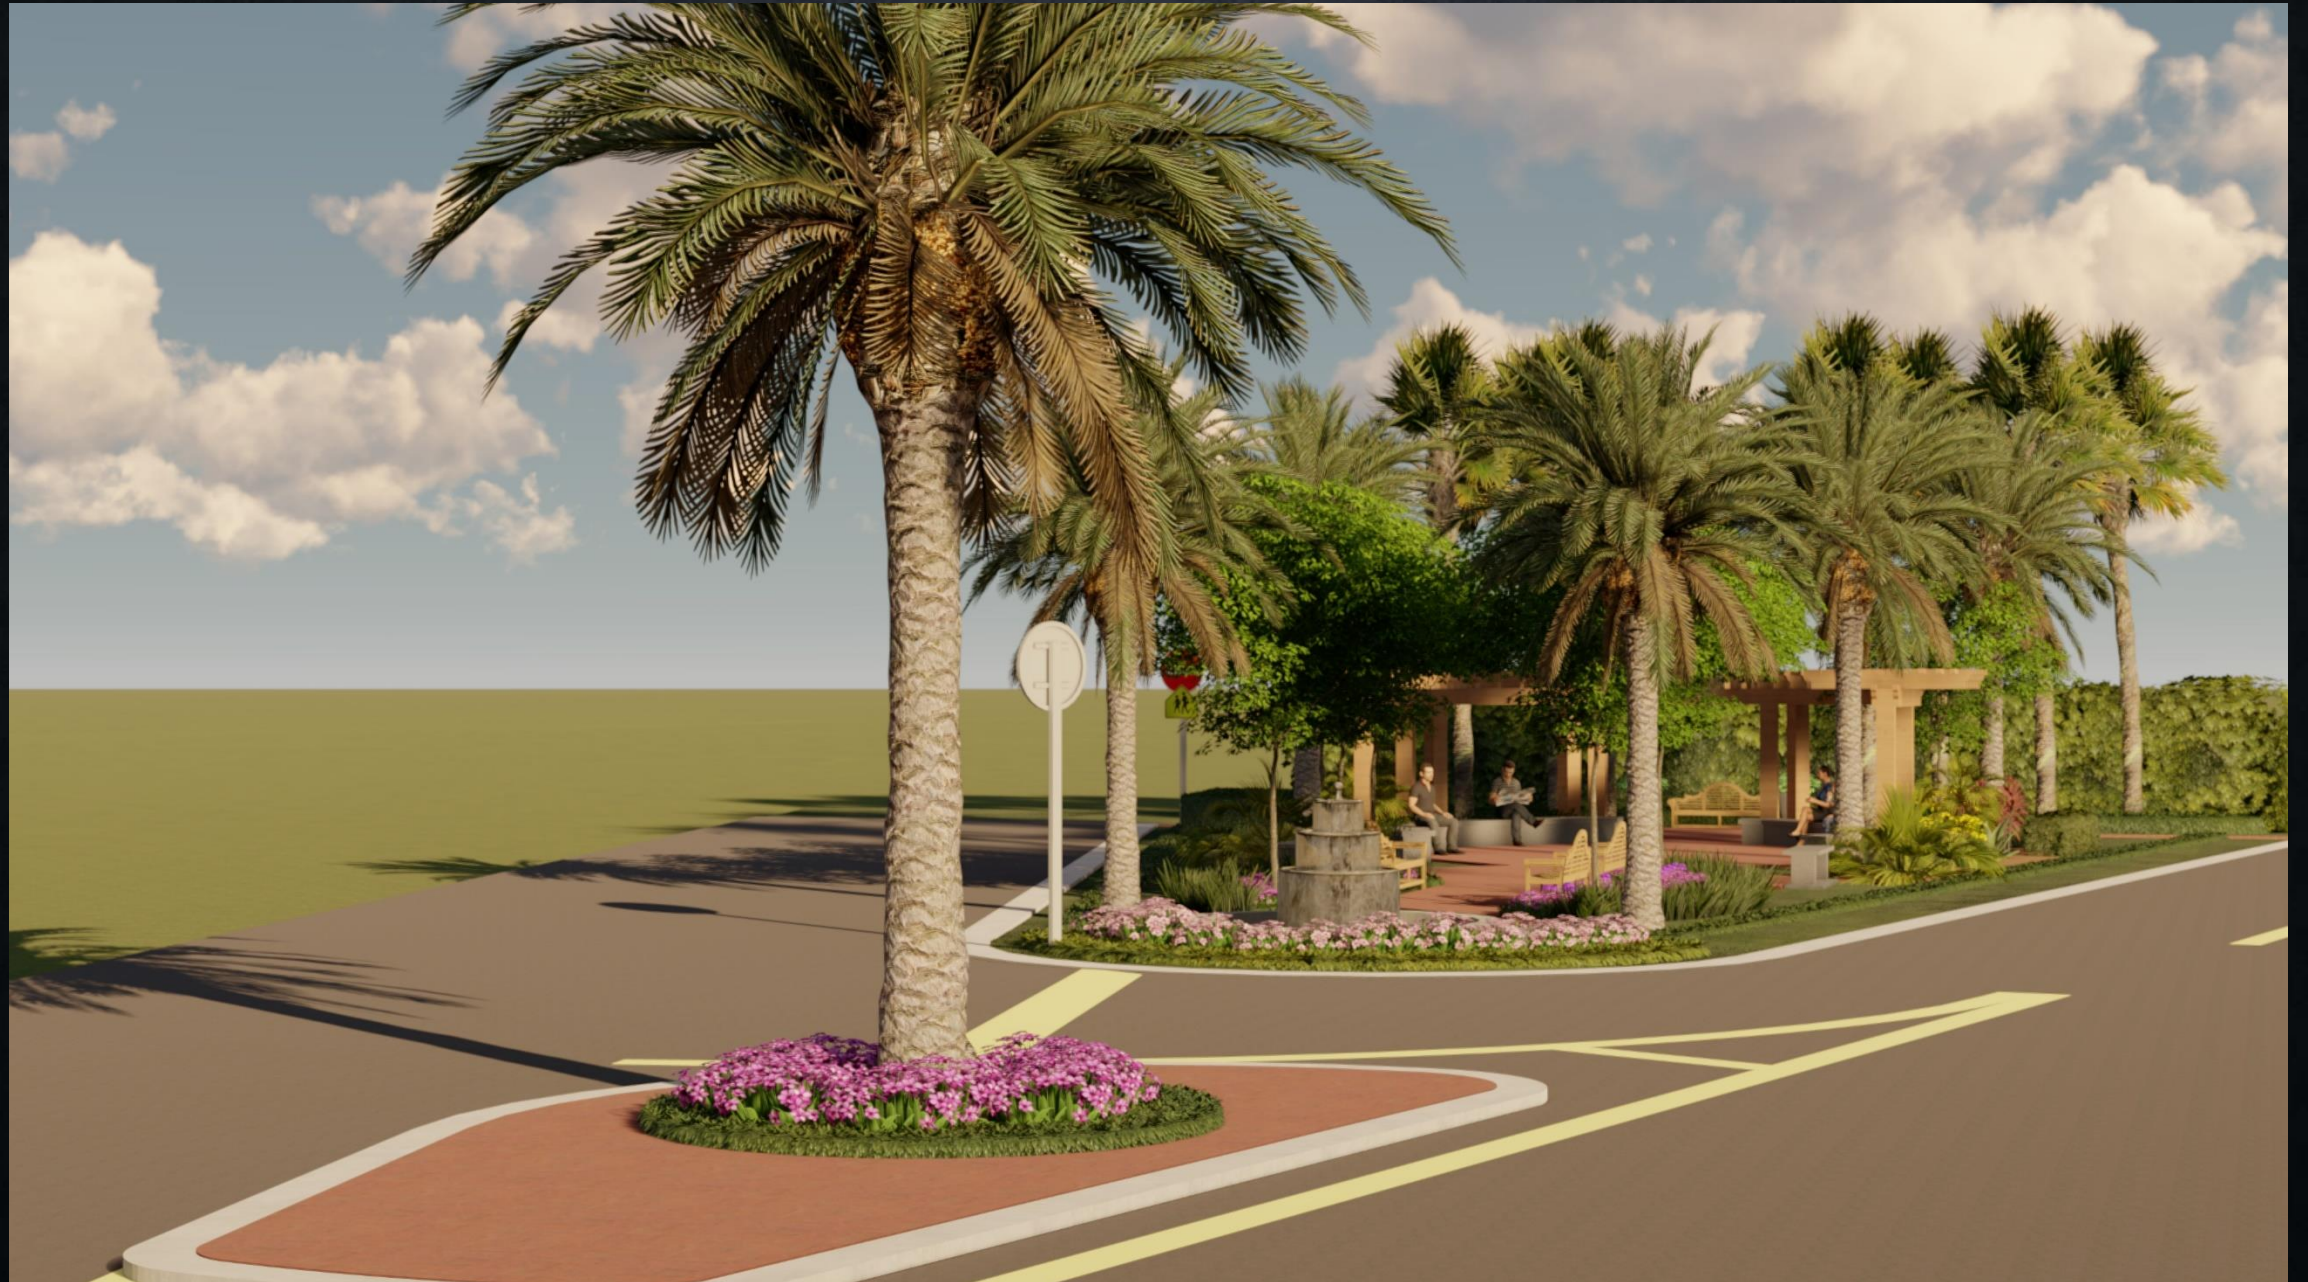

6) Place a single majestic tree (Date Palm or Bismarkia) in the raised paver road split and place a "creative" Colony/Shelter road sign
