Please tell us your email address \*

Please describe the type of home you have to offer to one of our Oak Village kittens or retired adult cats? \* Please note cats are indoor pets only.

Do you have Children? If the answer is "Yes" please list their ages and if they have been around long hair and short hair cats before.

---

Does everyone in your home enjoy cats? Has everyone living in your home been consulted about getting a new pet? The Persian & Exotic breed does enjoy lots of human companionship and does not prefer being left alone for extended periods of time. Can you and your family give a kitten or cat lots of attention?

Do you or anyone living in your home have allergies to cats? \_\_\_\_\_

if the answer is "Yes" Has your doctor evaluated the symptoms? If not please do this before considering the purchase of a cat. Persians and Exotics are not an Hypoallergenic breed.

Have you owned a Persian or an Exotic cat before? \_\_\_\_\_ Have you owned any long hair or short hair type breed? \_\_\_\_\_

Will you be planning to groom the kitten/cat yourself \_\_\_\_\_ or will you take the kitten/cat to a groomer? \_\_\_\_\_

Have you ever trimmed a kitten/cats nails before? \_\_\_\_\_

Trimming nails is pretty simple for me to do... would you like to be shown how to trim a cats nails?\_\_\_\_\_

If you do decide to purchase a kitten/cat from us, you will receive a packet of information about current food, future food, info on how-to- change food for your kitten/cat. Water fountains, food dishes, toys, beds, cat scratching post, combs, brushes, shampoo, conditioner, litter, litter box type. Scissors for grooming, ear cleaning, eye cleaning, bathing instructions.

What type and/or number of pets do you have in your home? Please list \*

Our kittens are mainly sold as "Pets" We have a spay/neuter contract for the buyer to sign, it states as to when a kitten should be spayed or neutered would that be a problem for you to agree to? \*Please select... Yes or No

Adult retired show cats offered without breeding rights may already be spayed or neutered upon going to their new home. If not the new owner will have 30 days after purchase to spay or neuter the cat and send us proof from their veterinarian.

We disagree with declawing as it is very painful to tendons. We have learned that a cat's litter box may possibly change from being declawed (i.e. the cat may stop using the litter box due to irreversible pain in tendons after declawing). Can you agree not to "declaw" a kitten or cat purchased from us. Please select... Yes or No

If you go against our advice of "Not to Declaw" we are not responsible for any outcome.

We recommend you have a small scratching post in your home before you bring your kitten home. Toys with catnip for your kittens/cat is very entertaining. Having a good veterinarian to "consult" with is a very important part of owning a pet.

Please give us your Veterinarian's name, address, phone number.

If you have not chosen a veterinarian, please check your local listings of offices near you. Ask for references, check pricing as we have noticed veterinarian's prices vary for their services.

Oak Village Persians and Exotics Policies and information

Info about a deposit: A deposit is taken in good faith to hold a kitten or Cat for you and all other potential buyers will be turned away. Deposits are accepted through our Paypal or square account with fees added, I cannot waive the paypal fee so please do not ask me to do this as I could be audited. If you wish you may send a money order through regular mail, or cash in person. Deposit amounts are subject to change, can range from 100.00 or 250.00 or from 25 to 50% of the purchase price depending on the kitten that is being held. Deposits are non-refundable. Only time a deposit will be returned is in the event due to an unforeseen situation such as death or if incurable illness occurs with the kitten being held and is still in

our possession . The deposit would be “returned” by regular mail within 30 days. So please provide your mailing address. We do not accept personal checks or certified bank checks. Money orders are sold from a grocery store or a Wal-mart or bank. Other methods include Cash in person or cash payment sent to our Paypal or Square account with fee of 3 % added and fee due is paid from buyer. If a Credit card is manually typed in on Paypal or square fee varies from 3 to 4% charge. No exceptions of waiving the Paypal or Square fee as of May 4th 2017.

Safety note: Young kittens do not understand “height” and will jump from a balcony or from a high set of stairs, also washer & dryers pose great risk of the kitten/cat getting trapped inside. Always keep Washing machine & Dryer doors closed if they are left open check inside before turning the machines on. Toilet lids should be closed at all times as they pose great danger to young kittens drowning.

About shipping: We no longer ship through Air Cargo or any ground service that is deemed unsafe for our breed.. We are near Denver International airport and do not mind driving out to meet someone fee is \$40. Toll road charges and airport parking fees do apply and are included in the \$40 charge.

How did you find us as we pay for advertisement and it helps us to know where to advertise our kittens.

Was it a friend or family that recommended you to us? \_\_\_\_\_ Please let us know who?, so we can “Thank them”

We are a small ethical hobby breeder that is registered with CFA, Cat fancier Association. For the best possible healthy start for a kitten we are not going to place them in a home until they have had shots up to 12-13-16 weeks of age. Persians and Exotics growth/size does vary, some need to be with their Mother & breeder longer as they are a slow maturing breed. In some circumstances a kitten may need to wait to be placed until they are a full 16-24 weeks old. This breed has to be dewormed several times and the breeder will do this. We recommend the new owner to have the kitten examined by their choice of veterinarian within 2 business days of new ownership as this ensures the buyer has been sold a healthy kitten. To protect ourselves we will have the kitten evaluated by our Veterinarian office before the new owner takes possession. If the new owner wants any additional testing such as Feline Leukemia snap test, fecal test, the test may be ordered but will be at the new owner’s expense and Veterinarian charges will vary and are subject to change.

We are not a Commercial breeder/business and are operating at a loss every year as we do not bring in money on a monthly basis. But we do have high cost of monthly expenses for maintenance for our cats and when we have kittens all maintenance cost will increase.

Health care , the best diet for overall health is expensive , the cost of unexpected c-sections does arise with our breed and many other miscellaneous items will be needed throughout the year... we ask that you do not ask us to adjust any of our prices for our kittens or Adult Cats for adoption.

Please fill out form completely, scan it and email, or copy and paste please send completed form to [Oakvillagepersian@comcast.net](mailto:Oakvillagepersian@comcast.net) or [Oakvillage@yahoo.com](mailto:Oakvillage@yahoo.com)

Any other information you might like to share with us is always welcomed.
