

Glycan Microarray Service Fee

Prices include the arrays, reagents, basic data analysis, and assay service charges.

All service prices are volume-dependent. Discounts are available. Contact us to discuss your specific needs.

Array printing prices start from **\$124** per arrayed slide with a 5 slide minimum for assurance of assay result congruency or allow for assay design adjustments.

Prices for assaying glycan-binding proteins to the microarray start at **\$495** per slide assay.

Printing Service

Z Biotech offers state-of-the-art non-contact glycan array printing service and lowest glycan array printing service charge.

All service prices are volume-dependent. Discounts are available.

The costs for glycans are dependent on market prices.
