Continuing Education (CEUs) Offered:

SCAA has applied to the American Academy of Audiology (AAA) to offer CEU's for this activity. The program is worth up to **1.0** CEU's. AAA approval of this continuing education activity does not imply endorsement of course content, specific products or clinical procedures. Any views that are presented are those of the presenter and not necessarily of the American Academy of Audiology.

Certificates will be issued following the conference for your records and for documentation for CEU recognition by other entities. Application for up to **1.0** ABA Tier 1 CEUs is pending.

APPROVED PROVIDER

 ASHA CONTINUING EDUCATION
 AMERICAN SPEECH-LANGUAGE-HEARING ASSOCIATION

Medical University of South Carolina is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. **See course information for number of ASHA CEUs, instructional level and content area.** ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This course is offered for up to **1.0** ASHA CEUs (**Intermediate** level, **Professional** area)

Learner Objectives:

1. Describe the magnitude of hearing loss and balance deficits in the aging population and their impact on healthy aging.
2. Develop a contemporary approach to utilize the myriad solutions that can help aging individuals age-in-place more effectively.
3. Describe what is our responsibility as a direct care provider and what is under our control as professionals.
4. Discuss steps that can be taken to improve clinical and operational best practices when providing hearing and balance care.
5. Analyze the external and internal disruptions that are causing hearing and balance healthcare to be co-opted away from audiology.
6. Add the scope of services needed to support children with hearing loss and their families;
7. Identify where to locate best practices reference documents related to providing diagnosis and management of childhood hearing loss; and
8. Examine how pediatric audiology services may fit into current clinical offerings.
9. Name 3 points where eSolutions can change the traditional patient journey.
10. Explain 3 research findings supporting the use of eSolutions.
11. Describe 3 ways in which engagement, ease or empowerment are delivered by teleaudiology solutions.

CANCELLATION POLICY:

Refunds for cancellation can be given if requested in writing by end of day March 2, 2020. A \$50 administrative fee will be retained if you cancel. No refunds will be made on or after March 3, 2020. This conference is subject to cancellation and if this should happen, persons registered for this conference will be notified by telephone, using the telephone number listed on the registration form. In the event of cancellation by SCAA, registration fees will be refunded in full. In the event of cancellation, SCAA cannot be responsible for travel expenses of any nature.

2020
Annual Conference
of the
South Carolina
Academy of Audiology
March 12-13, 2020

Westin Poinsett
120 S Main St,
Greenville, SC 29601

SPEAKERS:

Therese Walden, AuD

Dr. Walden is a Staff Audiologist at Potomac Audiology, LLC, a premier private practice in Rockville, MD, just a few miles from downtown Washington, DC. She spent nearly 30

years at the Water Reed Medical Center's Audiology and Speech Pathology Center where her clinical and research interests focused on adult and geriatric diagnostics, amplification, evidence-based practice, and treatment efficacy. Her professional interests lie in gender equity issues, public health policy, professional autonomy, ethics, and legislative and regulatory issues affecting the profession of audiology and the people we serve every day. Dr. Walden is a Past President of the American Academy of Audiology and past Chair of the AAA Foundation. She has served on numerous boards, committees, and task forces nationally and in the state of Maryland. She has presented nationally and internationally on the integral and vastly important role of Audiologists in overall health and well-being.

Shelley R. Moats, AuD

Dr. Shelley Moats is a Board Certified Pediatric Audiologist and Director of Audiology at Little Ears Hearing Center. She has more than 20 years

experience providing comprehensive, family-centered pediatric audiology services. She provides diagnosis and treatment for childhood hearing loss including hearing aids and cochlear implants. She is active on numerous committees to promote quality pediatric audiology services at both the state and national level.

Dr. Moats resides in Louisville with her husband, Dr. Troy Moats, and their two children Lily and Hayden. She enjoys attending her children's sporting events, spending time outside, and reading.

Christine Jones AuD

Dr. Christine Jones, VP, Audiology at Phonak. She is an audiologist with almost 20 years of experience in the hearing

healthcare industry. She obtained her Audiology degree from Vanderbilt University and went on to practice clinically in university-based medical settings. She brought her passion for pediatric audiology to Phonak in 2001 and developed Phonak's first pediatric clinical training program in the US. She then went on to run Phonak's pediatric business in the US. In 2015, Christine was tasked with opening and running the Phonak Audiology Research Center (PARC), a global center of audiology excellence in the US. She currently serves as the Vice-President of Audiology at Phonak US.
