## **FOODY IDEAS WHILE CAMPING**

**GRILLED CHEESE----** Sandwiches can be made without a pan--use a buddy burner if you have one or wrap the prepared sandwich in foil and place just above the coals (cooks real fast). To make it a more complete meal add tomatoes, onions and cold cuts or any combination of your choice before cooking.

**KEBOBS---** Of all sorts are easy to make and require no pans. If using wooden skewers, soak them in water to slow down the burning and make sure you can cook without holding by hand over the fire; if using metal ones make sure each person has a good glove to hold it with or there is a proper handle on it.

Make kebobs with wieners, smokies, sausage or meatballs. Pre cook chicken, turkey, ham or any other meat cubes. Use a variety of veggies such as peppers, canned taters, tomatoes, mushrooms, etc. As it is cooking, brush with bar-b-que sauce or teriyaki sauce if so desired.

**RICE---** cooked in a sleeping bag. Take instant rice in 2 heavy duty zip lock bags. Add slightly less than normal amount of boiling water, (it must be at a full boil), add some raisins, nuts or some cinnamon and sugar, or whatever other flavoring you desire. Zip it up tight and place in a sleeping bag. The rice will cook in about 20 minutes. Once the rice is done, you can add cinnamon, nutmeg, raisins and nuts to make it a dessert or snack; or you can use it as a side dish by adding butter, soy sauce or canned gravy.

**BREAD---** Add grated cheddar or parmesan cheese to butter, spread on bread slices (french or Italian loaves sliced thick work best) wrap in foil and put on coals or on a grate above the coals.

**HOT DOGS---** are always popular but if you are tired of the usual roasts, try wrapping them in biscuit wraps and cooking them on a stick or wrap very loosely in foil and place on grate above fire for 15 to 30 minutes (time will depend on the heat of the fire and the weather. To make these more fun add cheese, onions, mustard, ketchup, pickles, bacon bits, etc. before wrapping. If using a stick, only add a little bit or the wrap will rip.

**SOUPS----** To tomato soup add croutons, bacon bits, cheese cubes, sliced sausage; to vegetable soups ad precooked ground beef, wienies, cheese cubes; to noodle soups add croutons, parmesan cheese, cubes of precooked beef or chicken. Serve with crackers or cheese bread.

## **FOODY IDEAS WHILE CAMPING- cont.**

**POTATO DINNER--** Take a raw potato. Hollow out the center leaving about 1/2 inch all the way around with skin attached. Fill the center with spiced hamburger with a bit of tomato sauce or use sausage pieces. Wrap tightly in foil and place on coals. Serve with cheese or garlic bread and a salad or some steamed or canned veggies. To steam veggies, slice thinly and make a foil pack and add a little water; seal and place on or over hot coals. Check after a 1/2 hour. Potato will take about an hour.

**ONION SKIN HAMBURGER--** Cut a large onion in half cross-wise and remove most of the center, leaving about 3 or 4 layers. Mix up a hamburger mixture of your favorite seasonings and press into the hollowed out onion skin. Place directly on the coals for about 20 to 25 minutes.

**BREAD CUPS---** Use a stick that is about 3 inches across, wrap in foil, grease foil and form biscuit mix or bread dough around the end of the stick and cook over the fire. Remove from stick carefully when done and serve anything you like in the cup; chili, creamed chicken, creamed tuna stew, etc.

**CREAMED CHICKEN--** use cream of chicken soup with 1/2 can of milk/water and using precooked chicken chunks.

**CREAMED TUNA--** using cream of mushroom soup mixed with 1/2 can milk/water and a can of drained tuna. Add canned veggies (drained) to the mixture. You may have to add more milk/water to make it of stew consistency.

**CANNED** stew or chili is also good served in the cups.

## **FOODY IDEAS WHILE CAMPING** Cont...

**EGGS IN A NEST** Using a buddy burner, hollow out a piece of bread, butter the bread, place on burner and crack an egg into the hollowed area and cover with foil, flip when ready if desired. If you want sausage, cook it first then you won't have to butter the bread.

**BACON AND EGGS** Using a paper lunch bag, place 2 pieces of bacon in bottom of bag. Crack 1 egg on top, roll down bag tightly; poke stick through bag and hold over fire. Bag will not burn. It will take about 5 minutes to have bacon and eggs. **DO NOT ADD EXTRA BACON AS THE GREASE WILL CAUSE THE BOTTOM TO FALL OUT OF THE BAG.** At the same time make toast by sticking a piece of bread on the end of stick, turn as necessary.

**BAG OMELETTE**---- Use a good quality ziplock type bag. Break 1 to 3 eggs into the bag, add a tablespoon of milk per egg, add cheese, bacon bits, peppers, onions, mushrooms or whatever you like in an omelette to the bag. Close the bag tightly, much all together and drop bag into boiling water (water should be at a full boil. It will take 3 to 8 minutes depending on how many bags are in the water. Can be thrown back into the water if you find yours isn't done enough.

**BOILED EGG**---- Place egg in a hot cup (a paper one without the wax coating). Cover the egg with water and sit the cup on the coals. Have the seam on the cup away from the flames as the cup may split open on the seam. Bring the water to a boil and boil for 10 minutes adding more water as necessary to keep the egg covered. The cup will not catch fire as long as you make sure that there is enough water in the cup.

**ORANGE SKIN**---- Cut an orange in half cross-wise and scoop out the insides and eat. Break an egg into the hollow rind and set directly onto the coals and cook for 10 to 15 minutes, or until the center is done. 'For biscuits, mix Bisquick as directed and fill rind 3/4's full and cook as above until toothpick comes out clean (no doughy goo on it).

## **FOODY IDEAS WHILE CAMPING Cont...**

**BAKED APPLES--** Cut the apples in quarters, remove seeds and place on shiny side of a sheet of foil. Sprinkle with brown sugar, cinnamon, raisins and dot with butter. Wrap tightly and place on coals for 10 to 15 minutes.

**ORANGE CAKE--** Have each person eat an orange by cutting a thin slice from the top and eating the pulp with a spoon leaving the skin in tact. (They could have the orange for breakfast and save the shells in a zip lock.) Mix a white or spice cake mix as directed on box. Pour mix into rind until 3/4's full, put the thin slice on the top and wrap in foil, place on coals and cook for 10 to 15 minutes.

**BREAD ON A STICK--** Have a stick about the width of a broom handle. Cover about 1 1/2 feet with foil, shiny side out. Grease the foil well, wrap canned crescent rolls around it and bake over the hot coals. Can also use biscuit mix. After mixing biscuits make a tope of the dough and wrap around stick leaving a little space between wraps. Serve with jam or honey.

**PUDDING IN A BAG--** Using a good ziplock, divide instant pudding into portions in the bags, add the right amount of milk, close the bag and mush with fingers. In about 5 minutes you'll have pudding. Eat it right from the bag.

## **Australian Grilled Fish**

4 Fish steaks  
1/4 c Lime juice  
2 T Vegetable oil  
1 t Dijon mustard  
2 t Fresh ginger root --,Grated  
1/4 t Cayenne pepper  
Black pepper

\* For the steaks: they should be 8-10 ounces and 1-inch thick each. Use Swordfish, Halibut or Salmon steaks.

1. In a bowl, combine the lime juice, 1 tablespoon oil, ginger, cayenne pepper and enough freshly ground black pepper to suit your taste. 2. Marinate the fish in the marinade for 45-60 minutes. Turn steaks 2-3 times. 3. Have the grill prepared with white coals and brush the cooking grill with the remaining one tablespoon oil. 4. Grill the fish, brushing several times with the marinade, until cooked through and opaque in the center. Turn fish after about 4-5 minutes. Total grilling time will depend on your grill and the heat of the coals.

\* To broil instead, use a broiler pan brushed with oil and broil until center is opaque. Will take about 10 minutes total in broiler. Turn steaks after 5 minutes, and baste often with marinade.

## Backpacking Simple Food Ideas

Here are some very simple ideas for dehydrated and light-weight foods.

- 1) Any packaged dinner mix from the grocery and packed in ziploc baggies ie, Macaroni & Cheese, Rice-a-Roni, Broccoli and Cheese, etc There are tons of these things available today. If they call for milk, then the boys can carry powdered milk in baggies. Margarine will travel well, and since they will be working hard, the extra fat might be desirable.
- 2) Instant oatmeal and instant grits and bagels are great for breakfast. Again, powdered milk can be used with these. Get some of the new Fantastic Foods hot cereal mixes--they are warm and filling.
- 3) Dehydrated vegetables and full meals can be found in camping stores. Add dried peas to a box of mac & cheese, for instance
- 4) Try Ramen noodle soups, or any of those "soup in a cup"s (that can be packaged in baggies so they take up less room).
- 5) Dehydrated bean flakes that mix up almost instantly with water are available in HFS. Mix these with some cooked minute rice and put in a tortilla. Yum! Flavor them with onion, garlic, cumin powders.
- 6) Cheese backpacks well. Again, the fat may not be so bad if they are hiking all day. And if it's cold, then the fat is almost necessary to help them stay warm. (You need a lot more calories when it's cold.) Add a hunk to any soup, pasta, rice, or dehydrated veggies you're cooking.
- 7) Pasta, pasta, pasta. Top it with sauces made from the dry package mixes. A lot of these are tasty. High in sodium and preservatives sometimes, but for a couple of meals they won't hurt you.
- 8) Instant mashed potatoes that can be mixed with the powdered milk or water only. Make up an instant gravy to go top.
- 9) Dried fruit can be cooked in some water and put on top of a piece of angel food cake for dessert. (Hey, the cake might get crushed a little, but it is lightweight!) Add some cinnamon and Tang (in lieu of orange juice)and you approximate a Cooking Light recipe.
- 10) The dry veggie burger mixes would make a great meal. Most of them make up with water only and many are quite tasty.
- 11) Bulgar and couscous cook up in only a few minutes with boiling water.

## **Baked Stuffed Fish**

Mix all these ingredients together and roll up in fish fillets, securing them with toothpicks. Divide it among four or five good-sized pieces. Bake at 400 for 30 minutes. During last 10 minutes pour newburg sauce over fish.

It's good with flounder, but any white fish will do. I've used large cod and catfish fillets and butterflied them. Just enough so you can roll it up over the stuffing.

1. Cover the inside and outside of the box completely with 3 or 4 layers of aluminum foil, including the flaps. Lay box on level ground so that the opening opens oven-style (front-door style is OK, too).
2. Straighten the coat hangers, then run them through the sides of the box about 2/3 of the way up from the bottom to form a rack.
3. Set brick in bottom. Place live coals into pie pan/pie plate. Put pan on brick (don't forget, the PIE PAN IS HOT! Use an oven mitt or hot pad).
4. Place food to be cooked onto coat-hanger rack and close oven door.

## **Buckwheat Pecan Pancakes For Camping**

MIX IN A ZIPLOCK BAG =====

2 c Buckwheat flour  
1/2 t Salt  
2/3 c Wheat flour  
2 t Baking powder  
2/3 c dry milk,Instant  
3 T egg (optional),Dried

IN SMALL TIGHT CONTAINER =====

2 T Oil  
2 T Molasses

ADD WHEN MIXING =====

2 1/2 c Water  
1/2 c Pecan halves

PACK FOR TOPPING WHEN DONE =====

1/4 c Butter (optional)  
1 c Maple syrup

This is a camping recipe. Assume moderate heat on a campfire or pack stove.

When ready to cook, mix all ingredients except the butter and syrup and let set a couple minutes. If stiff, add a little more water. If you heat the pan well first, no oil is necessary; however you will need a good, flat metal spatula. If I have time, I plop 3 or 4 pecan halves on each cake instead of mixing them in. Serve hot with butter and syrup. Can be saved for later in the day; great with jam.

## **Burgers In Foil**

- 1 1 1/2 lb beef, Ground

Separate meat into 4 portions. Place each in the center of a square of foil. Top with equal portions of chopped carrots, potatoes and peppers.

Season with dehydrated onions, Worcestershire sauce, mayo salt and pepper to taste. Seal foil, checking for leaks. Place on hot coals for 10 to 15 minutes per side. Temp to 140F

## **Buttermilk Biscuits**

- 1/4 c shortening
- 1/4 t baking soda
- 2 c self-rising flour

## **Camp Au Gratin Potatoes**

- 1 cn Corned Beef Or 2 Cans Tuna
  - Or Similar
  - Meat
- 2 Boxes Au Gratin Potatoes
- 6 c Water
- 1/2 c Dry Milk Powder
- 1/4 c Margarine Or Oil
- 1 md Pot For Heating Water
- 1 lg Pot For Potatoes
- 1 Stirring Spoon

Put the corned beef or tuna on the bottom of the pan. Open the potato packages and layer the potatoes on top of the meat. Sprinkle the cheese powder over the potatoes. Put the oil or margarine on the potatoes. Heat the water to near boiling and add the dry milk. Pour the hot liquid over the dry potatoes and put the pot on a moderate fire to simmer gently for 40 minutes. This arrangement should result in a slightly liquid mixture. Turn the pot from time to time if it is being kept at the edge of the fire to assure it heat all the way around. The oil or margarine is to keep the liquid from foaming. A smaller quantity or none can be used, but more care to keep the liquid from boiling over must be made. Good served with something that will sop up the extra juices.

Temp to 169F

## **Camp Chili**

Move the pot back on the heat and stir while cooking the potatoes. cook about 5-10 minutes. Serve hot. Seasonings may be added with the potatoes to the cooks taste. Hot peppers, chili powder, basil, italian seasonings are good. The meat may be hamburger, sausage, italian sausage, etc. Different meats do provide a different flavor. Cook the pasta in the water for 8-10 minutes. Place the lid on the pot and with gloves or pot holders drain the water from the pasta through the crack between the lid and the pot. Putting the pot on a stump or log and letting the stump or log hold the weight of the pot helps. Mix the sauce with the drained pasta and serve. Grated cheese may be used with the pasta. Pasta notes: Spaghetti is the traditional pasta, but wheels, or other forms that are more compact and larger will be much easier to drain.

Temp to 149F

## **Camp Potatoes**

- 4 Potatoes,sliced
- 4 Onions,sliced
- 4 T Butter or margarine
