

Sales Contract & Health Guarantee

Please email signed copy to: info@buffaloridgeshibas.com

When you purchase a puppy from us, you agree to the following:

This puppy is guaranteed free from life-threatening congenital/hereditary defects for a period of one year from its date of birth [DOB]. Our health guarantee can be extended up to 2 years of pup's DOB by agreeing to give your Shiba Inu Life's Abundance dog food & Wellness supplements, which will boost their immune system and help them live healthier, longer lives. Proper nutrition is of utmost importance in the Shiba Inu breed or many adverse reactions can occur. These products are beyond compare and must be ordered through our website to receive the extended health guarantee credit. Life's Abundance dog food and Wellness supplements must be given daily after receiving your puppy to be eligible. Every effort is made by seller to ensure the puppy is delivered in a sound, healthy condition. If the puppy were to develop a serious congenital health condition within one year of its DOB, which has been diagnosed by two unassociated veterinarians, is unable to live a normal life or warrants euthanasia, a new puppy of equal or better quality will be available to you on the next available litter. We must be notified within two business days of the diagnosis of a health problem and you must provide us with the name and phone number of the vets, a copy of the vet reports, & OFA reports at a minimum of 18 months of age for moderate or severe rated joint issues. Shipping costs would be at your expense if applicable. Buyers must return registration papers if issued. This guarantee does not cover conditions resulting from respiratory, bacterial or parasitic infections, travel stress or any condition caused by environmental surroundings i.e.: allergies, mange, or neglect. Luxating patellas [loose kneecaps] are not covered under our health guarantee due to being a very common small/medium breed issue however our adults do have normal patellas. Umbilical hernias are also very common in puppies and are not covered. If our vet has a concern with one we fix it before they leave otherwise that's typically done at spay or neuter. You agree to provide the puppy with regular veterinarian care, including vaccines and dewormings due at your vet's recommendations. All expenses incurred after the puppy leaves our premises are strictly the responsibility of the buyer. Seller assumes no responsibility for medical expenses, landlord disapprovals, allergies to animals or any other reason not stated. You also agree to never place this puppy into a shelter for unwanted animals but will guarantee this puppy will be placed into a loving home if a situation arises where you will be unable to care for it. If a suitable home can't be found, you agree to contact us and discuss the situation to find the best solution for the puppy.

All our pups are registered with the AKC or APRI kennel club [APRI for pet pricing.] If purchasing your puppy as a companion only, registration papers will be sent out after you submit proof of spay or neuter by 6 months of his/her DOB. A copy of your vet receipt or a statement from your vet will suffice as proof. AKC papers for breeding/show rights are ordered at the time of purchase. Please allow 3-4 weeks for delivery by US Mail. Show or breeding ability is not guaranteed if purchasing full rights.

****All our pet puppies are sold on strict spay/neuter agreements, if required proof isn't submitted by 6 months of age this health guarantee becomes null and void.**

*****We reserve the right to any puppy that may be reserved, at any time, for any reason. All monies will be refunded in this rare situation.**

By signing and submitting this contract you state that you fully understand and agree to the above.
