Louisiana Dental Association – Louisiana Dental Services

CPR Training Options with Member Pricing

Option 1 – In-Office Team Training

Designed to prepare dental practice team members for cardiac and respiratory emergencies with hands-on practice scenarios in both the clinical and administrative settings. Includes the following:

- Tailored course presentation of the AHA’s “BLS Provider” program
- Existing rescue equipment will be inspected and included in hands-on practice scenarios
- Review of the practice’s medical emergency protocol including individual team member roles, documentation, and management of other patients/individuals who may be present
- Review of protocol if the victim is the doctor or a team member

At the conclusion of the course, participants will meet the criteria for the American Heart Association’s “BLS Provider” certification, which is valid for 2-years. AHA eCards will be emailed to each participant within 5 days of course completion. Course length – 3.5 hours

Course fees – Individual participant at our location – LDA Member Pricing \$57 (regular price \$77)
Group Training at your location – (4 person min.) – LDA Member Pricing \$47/pp (regular price \$67)

Option 2- Express Training (Blended Learning)

This is a convenient option for individuals needing certification or for practices that prefer to recertify with minimum schedule impact. The AHA’s Blended Learning approach is a two-step process that begins with an online course that can be taken at any time (great for unexpected down time!). When the online course has been completed successfully, a completion certificate will be available for the participant to print. The next step is a hands-on skills session completed with one of our AHA instructors.

At the conclusion of the course, participants will meet the criteria for the American Heart Association’s “BLS Provider” certification, which is valid for 2-years. AHA eCards will be emailed to each participant within 5 days of course completion. Online course length – 2 hours; Skills session length – 15-30 minutes per person

Course fees – AHA’s online course fee - \$28.50 (payable at the start of the course – not included in BCT fees)
Individual skills participant at our location* – LDA Member Pricing \$37 (regular price \$57)
Group Skills Session at your location – (4 person min.) – LDA Member Pricing \$30pp (regular price \$47)
