REVEALED!**

Neuromodulators (Botox, Dysport, Xeomin) in your dental practice:

June 19 or 20 & November 13 or 14, 2020 | 8:30 am - 5:00 pm | 8 CEU

You will leave this hands-on program with the skills to identify facial muscles and implement dental therapeutic treatments that relax peri-cranial muscles also responsible facial lines. These include TMD, migraines, tension headaches, facial pain, clenching, gummy smiles, smile asymmetries, hypersalivation, masseteric hypertrophy, tongue thrust.

Selecting the course will allow your practice to implement these profitable treatments currently being sought out by your patients that do not cost an excessive amount in equipment (\$0) and training.

Learn how to profitably use all the neuromodulators on the US market at the lowest possible cost to you. This is the same program given to specialist physicians including dermatologists and plastic surgeons

Howard Katz BDS DDS will provide participants with the knowledge necessary to administrate Botox in a dental practice.

What sets our Botox Training Course apart?

- Learn the latest FDA approved botulinum toxins and their applications.
 - The only interactive, hands-on workshop Botox Training.
 - 24/7 access to Dr. Katz after the course. and course materials
- Proven techniques to bring in new patients and sell treatment with minimal up front costs.
- Certification from the inventor named on the actual patent applications for all the Botulinum toxins including Botox, Dysport and Xeomin.

GET TRAINED BY THE INVENTOR

Demand for Botox is massive. Take the Botox course that gives you additional credibility. Dr. Katz was instrumental in the creation of Botox treatments – in fact, he is an inventor named on the actual patent applications for all Botulinum Toxins including Botox, Dysport, Xeomin and Myoblock.

At the end there will be a “Hands on Live Patient Workshop”.
You can bring in your own patient at 2:00pm –4:00pm.
