**Waiting Room Paperwork and Tea:** When you enter the building, my waiting room is the first door to your left, Suite 104. I will leave your paperwork on a clipboard on a chair in the waiting room 20 minutes before your session. There are clean cups and a selection of teas in the waiting room. Hot water can be found in the sink right across the hall from the waiting room, in the hot water tap to the left of the faucet. I will come out from my office to the waiting room to get you at our scheduled time. If my office door is already open, come right on in.
