Subject: RE: Legislative Bill Regarding Circumcision

Dear Mrs. Darner,

Thank you for your e-mail regarding issues of circumcision. These issues are new and educational for me, and I will look forward to researching them here in the near future. At this time, I have yet to hear of any bills involving matters of circumcision, but would enjoy studying any additional information concerning this issue. I firmly believe that any minors having a circumcision must have written parental approval and will seriously consider your e-mail when a bill of this matter reaches the floor. I have heard of and read many horror stories of this issue and will stand firmly against doctors whom practice in this manner. Please do not hesitate to contact me if you have any additional questions or concerns. Your time and thoughts are greatly appreciated. I look forward to hearing more from you in the near future.

God Bless,

Representative John Lim
