

Fellsmere Water Control District

P.O. Box 438 • Fellsmere, Florida 32948
772-571-0640 • 772-571-0203 fax
fwcd@bellsouth.net

March 13, 2018

Dear Landowners,

In response to a letter requesting information about roads and secondary drainage in the Circle Z subdivision of lands in Fellsmere the following letter was sent to the District anonymously. Therefore, Fellsmere Water Control District is responding to each and every landowner in Circle Z Subdivision to prevent problems from arising. (See attached)

Please be advised, that to place motor oil on the road or trash in the canals you would be violating State Statutes. Five sub-laterals involved in the Circle Z properties flow to the Indian River Lagoon an estuary of National Importance. Therefore, Florida Department of Environmental Protection, St. Johns River Water Management District and Fellsmere Water Control District would take statutory action against you.

For more information go to the District's website at:
fellsmerewatercontroldistrict.com

Sincerely,

A handwritten signature in black ink that reads "Rodney Tillman". The signature is written in a cursive style with a long horizontal line extending from the end of the name.

Rodney Tillman, C.D.M.
Superintendent Plant and Operations
Cc: Michael O'Haire, PA
Ashley Nolander PA
Len Lindahl, FWCD District Administrator
Board of Supervisors
Susan Adams, District 1 County Commissioner
Indian River County Sheriff, Deryl Loar

Rodney Tillman
Box 438
Fellsmere, FL 32948

Since the FWCD has no interest in maintaining the roads, nor drainage, in the Circle Z plat, I assume that there is no objection to the dumping of garbage in the canal as well as oiling the road with used motor oil to reduce erosion.

Best
