

TIRE INFORMATION

\$20,000 TO WIN!

TIRE INFORMATION

The official 2024 World Figure 8 Championship tire is the Hoosier F53. This is the same regular season Speedrome Outlaw Figure 8 division and World Figure 8 Championship tire used since the beginning of the 2022 season.

NO TIRE SOAKING, TREATING, OR CHEMICALLY ALTERING. This includes all new and used tires. Violators will be disqualified and done for the rest of the weekend. Tires can be checked **AT ANY TIME**. Samples will be taken after the race with prize money pending for those drivers until results are returned.

IMPOUND TIRES (aka Qualifying Tires and Race Tires)

- This will be a **MAXIMUM** of 8 new tires total in this category for each car.
- These can be purchased and placed in impound starting on Saturday Aug. 24th.
- These tire serial numbers will be recorded for that car and can **ONLY** be used on that car. Tires appearing on another car can result in disqualification.
- One set will be released to teams for qualifying. There will be a scuff session available before the first qualifying attempt. This set must be used for **ALL** qualifying attempts. They must be returned to impound within 15 minutes after the second qualifying attempt on Friday night. Non locked in cars will get these tires back for Saturday's qualifying attempts.
- The second set (if you have a second set in impound) will be released on Saturday afternoon and can be scuffed in final practice.

PRACTICE TIRES (aka Practice Tires and Spare Tires)

- This will be a **MAXIMUM** of 4 new tires total in this category for each car.
- These can be purchased and taken home after the 1-Hour Figure 8 is completed.
- These tire serial numbers will be recorded for that car and can **ONLY** be used on that car. Tires appearing on another car can result in disqualification.
- These tires are for practice during World Figure 8 weekend and be used as single flat tire replacements during the race.

USED TIRES (aka Tires from the Regular Season)

- Used tires are legal and welcome to be used during the event weekend, but must follow the no soaking, treating, and chemically altering guidelines above.
- No tires from the regular season for qualifications, these must be from impound.

The Speedrome has final say over all of these guidelines and rules
