

May 9, 2022

Dear Friend,

You need not feel hopeless and isolated when told that “YOU have cancer.” Our Gumby’s Club Fore a Cure, a **Manitowoc County Local group** of committed individuals whose purpose is to raise funds to support the unanticipated expenses of those struggling with a cancer diagnosis, are now busy planning our annual fundraising event.

Cancer’s journey, with all its crossroads, becomes a bit easier to endure with the hope and financial assistance of Gumby’s Club Fore a Cure. Our efforts help to decrease the frightening effects of diagnosis, treatment, residual effects, anxieties, and expenses incurred with a Cancer diagnosis.

What began in 2011 as a little golf outing fundraiser, organized by newly-diagnosed Rob “Gumby” Roseff, has grown into an annual event that includes: live music, silent auction, golf, bowling, 5K Glow Run/Walk, food, and raffles, as well as an incredible happy time celebrating life! All funds raised benefit local families who have been affected by cancer by providing financial donations to them to help curb their medical costs, traveling expenses, and other items that become difficult to manage.

Since Gumby’s Club was formed, we have donated \$356,800 to approximately 437 families in our local area. The need now is greater than ever! In 2021 we helped 96 local families, which is an increase of 41 families from the previous year.

Recipients of Gumby’s Club Fore a Cure and their families have overwhelmingly expressed their gratitude for the support given to them!

You can be an important part of this effort! Please consider partnering with us in this event as we celebrate life with local cancer survivors, their families, and the community who cares about them.

Thank you for your consideration!
