

AGENDA

Oklahoma Freight Transportation Plan Community Meetings

4:30 to 6:30 p.m. June 27, 2017 - Moore

11 a.m. to 1 p.m. June 28, 2017 - Tulsa

10 a.m. to Noon June 29, 2017 - Weatherford

Welcome

Linda Koenig, OK DOT

Overview of the Oklahoma Freight Plan – Joe Bryan, WSP

This segment begins with why freight is important to Oklahoma and to you. Oklahoma is required by federal law (the “FAST Act”) to prepare a freight plan, so the rest of this segment covers what we are doing in the plan and how freight functions in our state. Topics include:

- Federal requirements and Oklahoma goals
- Profile of freight traffic
- Rural and urban corridors

Discussion of Oklahoma Freight Bottlenecks

Bottlenecks are places where freight backs up due to congestion or other causes. This is inefficient and costly - just like rush hour can be for you - and improving them is a key way ODOT will spend funds for freight. This segment identifies Oklahoma’s bottlenecks using a data-driven approach, compares results to what stakeholders have said, and ends with a breakout discussion. Topics include:

- What bottlenecks are and how we identified them
- Findings from data, and how they compare to findings from stakeholders
- Breakout discussion and your input on the findings

Survey of Oklahoma Freight Issues

This segment requests further input from you on a number of concerns, including safety and various forms of freight activity. We will review:

- The survey itself
- How to complete it
- How you will learn about survey and Freight Plan results:
