

Margot Landels

I have been painting and drawing, mostly people and animals, since childhood, and I have attended workshops with several well known artists such as Linda Kaiser Smith, Tom Lynch, Robert Genn, and, a long time ago, with Esther Darlington Macdonald. A few semesters at UCC and TRU in the Fine Arts faculty gave me more experience and confidence with oils and acrylics.

I spend much time painting landscapes near my home in the Oregon Jack Creek Valley. I grew up near Ashcroft and went to school here so this area is particularly meaningful to me. Also, I particularly enjoy painting portraits.

Please call between 4 and 7 if you would like to visit my studio or arrange sales.
