

Required Summer Reading

Entering Grades 3 & 4

Crisp Academy includes grades 3 and 4 in the **required** summer reading program. This was a recommendation from the administration and faculty and approved by the Board of Trustees. Reading skills are essential for success in life. A student's ability to read well relates directly to higher test scores and improved writing skills. The better private schools across the nation have required summer reading programs.

Students in grades 3 and 4 will be reading on a point system and must reach a minimum of 100 points. There are no required book titles. Please use the attached form to "log" your summer reading. Parents should initial when each book is read and then sign the form when the reading is complete. **The completed form is due the first day back to school in August and should be turned in to your child's teacher.** Students reading the minimum required number of points (100) will receive a grade of 100 as their first reading grade. Students will not be tested on the books. **Grades will be adjusted accordingly for failure to return the form on the due date or for failure to meet the minimum requirements.**

Point system:

Picture Books	5 points each
50-200 Page Books	20 points each
200 Page or more Books	30 points each

Books may be read in any combination as long as your total amount of points reach 100.
