

## GROUP PURSUIT

Following is a list of possible activities that your team can choose from to successfully meet your challenge.

Note that these are various points you can win for successfully completing the tasks described and that there are sometimes a minimum number of group members required as well.

To get your points, it may be necessary to have one of the 'observers' verify completion of the task. It is important to keep a running total of your points for quick tallying at the end of the time period.

Your team will have only 10 minutes to collect the 100 points needed to successfully complete this activity. Needless to say, an exceptional team will be able to collect *far* more points than this!

Cunning, creative thinking and sharply honed wits will be vital to your team's success.

Good Luck!

<b>TASK</b>	<b>POINT VALUE</b>	<b>MIN. # OF MEMBERS</b>
Name the Seven Dwarfs.	10	All
Portage a canoe five times around the room.	10	2
With a mouthful of liquid, gargle your ABC's in unison.	20	All
