Audible

Audible's tagline is, "when you can't read, listen." One can use it via Amazon Alexa or Ipad. In just seconds, you can download any type of book, podcast, TV program, or audio version of magazines and newspapers. Obviously, this is awesome for people who are blind and visually impaired, but it is also great for those of us with fine motor challenges who have difficulty holding books and gripping pages.

Rainbow Sentences

Rainbow Sentences app helps children who struggle with forming sentence structures. The app comes with features, like color-coded words, text-to-speech and picture-based sentence lessons, that help children to construct English sentences in a way they understand.
