Facility Tour and Presentation – World Class Nondestructive Testing Training

There's a reason the community looks to South Louisiana Community College (SLCC) when recruiting top talent. First, we give students the skills they need to thrive, and then we teach them the techniques that assure businesses they'd be a perfect fit. SLCC has strong ties to local businesses, and many come to SLCC looking for talented workers. In fact, some of our workforce training programs boast a 100% job placement rate.
