1072 Mel. Das ist js gut, was mein (Art 11)

1. Wer Gott vertraut, hat wohl gebaut im Himmel und auf Erden! wer sich verläßt auf Jesum Christ, dem mußder Himmel werden! Darum auf Dich all' Hoffnung ich ganz fest und steif thu' setzen: Herr Jesu Christ, mein Trost Du bist in Todesnoth und Schmerzen.

2. Und wenn's gleich wär' dem Teufel sehr und aller Welt zuwider, dennoch so bist Du, Jesu Christ, der sie All' schlägt darnieder: und wenn ich Dich nur hab' um mich mit deinem Geist und Gnaden, so kann fürwahr mir ganz und gar wed'r Tod noch Teufel schaden.

3. Dein tröst' ich mich ganz sicherlich, denn Du kannst mir wohl geben, was mir ist noth, Du treuer Gott, in dies'm und jenem Leben: gieb wahre Reu', mein Herz erneu', errete Leib und Seele. Ach! höre, Herr! dies mein Begehr, und laß mein' Bitt' nicht fehlen!

FEATHERS IN THE WIND

Like so many other people in the world, today I am worried and upset over what is happening in the world today. It is time to look for something good instead of evil, hope instead of despair, love instead of hate... but it all seems so hard and almost impossible.

So let's try some small steps that were suggested in a magazine article.

If you are walking along and see an expired parking meter, put some money in it.

Bake some cookies, deliver them pretending someone else left them on someone's door step, eat one with them. Thank them for sharing.

Write a letter to an old friend or call.

Make a small scrap book of cartoons for someone.

Read a book, turn OFF the television.

Take a walk.

Smile, Pray, and most of all Love.

I know these might sound simple and sort of silly, but let's lift ourselves up from this feeling of despair and remember that we are not in charge. Then get on your knees and pray for help to WHOM is really in charge. It's time to stop the anger and hate and take a cleansing breath, unclench the fists, put down the weapons, be quiet and just listen.

REMINDER CONCERNING SOUTH DUMP

What is commonly referred to as the South Dump, is private property and **only** for the use of Amana Society stock holders living within the Amana Colonies, and may be under 24 hour photo surveillance.

Absolutely No burning is permitted at the South Dump. Burning is dangerous and not compliant with DNR Regulations.

Only organic compostable yard refuse is allowed, and users **must** empty & remove plastic bags or other containers used to transfer yard waste. Lumber, and other building material, & trash dumping is absolutely **NOT** permitted.

Using the dump is a privilege, not a right, and all dumping will end if Iowa Dept. of Natural Resources (DNR) and Amana Society rules on what may be dumped or the burning ban are violated.

If you witness violations of these rules, **please** report those abuses, to Amana Society Conservation at 319-213-3445.

AMANA SANITARY DISTRICT MEETING

The monthly meeting of the Amana Sanitary District will be held at 4:45 p.m. Monday, June 8, 2020 in the Amana Sanitary lift station.

AMANA NEWS AND NOTES

Inspiring Reach for the Stars

The successful launch and docking in space of the manned mission, the Dragon SpaceX NASA joint venture, shines a bright light on the future and on the work of a Clear Creek Amana graduate, Joe Petzelka.

Petzelka is the Space X Dragon, director of engineering. Now living and working in Long Beach, California, (SpaceX's mission headquarters is in Hawthorne) Pretzelka grew up on a farm just north of High Amana. He attended Amana Elementary School, was a member of the Amana Achievers 4H Club along with his sister, and is a graduate of CCA. He graduated from Iowa State University with a degree in industrial and manufacturing systems engineering before attending MIT, the Massachusetts Institute of Technology. Jenna Petzelka, his wife, is avionics production manager at SpaceX. A native of Annawan, Illinois, they have one son. She too is a graduate of Iowa State University, School of Engineering.

The company SpaceX is providing the transportation for two NASA astronauts in what scientists describe as a "self-driving car" a capsule and space craft that can fly to the space station, dock with it and return from it. It's propelled by a Falcon 9 rocket. The Falcon 9 itself is reusable as it drives itself back to earth, touches down and is retrieved for reuse in future. That entirely new technology will help make space travel possible in future.

Petzelka was interviewed several times by national media last weekend, but for an indepth look at the project, the goals of the project and the work of his team, including interviews with key players in the Crew Dragon, at NASA and Pretzelka, look for the Science Channel, 90-minute documentary, "NASA and SpaceX: Journey to the Future." The show is available for free on the Science Channel website or App. It premiered March 25.

Free Grab and Go Meals Extended to June 30

Free summer lunches are available to all children in the Clear Creek Amana School district, ages infant through 18, through June 30.

Regardless of whether or not your children attend a CCA District school, you may obtain free lunches for them weekdays at various sites in the district.

To sign up call the school office – asking for Debbie Klein. Or email her at debbieklein@ccaschools.org This allows the lunch room staff to make up enough meals and have them at the right pick-up spot.

Meals are distributed from the Amana Elementary parking lot, all the other district elementary schools, Casey's in Tiffin, Western Hills, Coral Court, Sleepy Hollow, Oxford and Little Clippers Daycare. To see a list of all the drop off sites and the times that drop off occurs go the Clear Creek Amana School District website or call the CCA District office for information at 319-828-4510.

The USDA and the state have approved funding for this program to continue through June 30.

SPRING VOLKSMARCH, JUNE 20, 2020
The ACCVB announced a Spring Volksmarch for Saturday, June 20, 2020 from 9am-4pm. Volksmarches (people's march) are popular throughout Germany and were started in the 1960s as a way to encourage the population to get out, take a walk, and see the country while enjoying some fresh air and exercise. The Amana version does all that and keeps the current social distancing intact.

The route will be the Amana Colonies trail. The complete route is slightly over 4 miles. The suggested starting point will be near the Amana Woolen Mill and Millstream Brewing. This is a free event and walkers are encouraged to bring a picnic lunch or purchase a carryout lunch from one of the restaurants, bakery, or meat shop. The pavilion area at the Lily Lake and the Middle Amana park are on the hike route and offer picnic benches.

Due to the COVID19 pandemic, we ask that all participants observe generally accepted social distancing procedures while on the trail or in the picnic areas.

29TH ANNUAL ALLIS CHALMERS TRACTOR SHOW

The Allis Connection is pleased to announce the 29th Annual "All Allis" Fathers Day Show will take place on June 20th & 21st in the Amana Colonies.

"I am happy and proud to announce that The Allis Connection board of directors have decided that we will have the 29th annual Father's Day show at the Middle Amana Park, where it has been held for the past several years," said Mike Anderson, one of the organizers of the event. "Many other tractor events have cancelled this summer, and we are all very excited that this one will happen."

The event is the largest gathering of Allis Chalmers tractor in the area. Throughout the weekend there will be vendors, exhibits, and demonstrations at the park. Tours, rides, and a banquet are scheduled, and a tractor parade will be held at 1:00 PM Saturday and 1:00 PM Sunday. Anyone is welcome to visit the Middle Amana Park to view a wide variety of Allis Chalmers tractors or enjoy the parade.

The group has cancelled the pedal tractor pull for kids as an added precaution.

"We will do our best to offer a safe environment, and will have our microphone and speaker system to announce safety warnings and alerts. We also want everyone to bring their own personal face masks or coverings, as they will not be for sale on the grounds," Anderson said. "The Allis Connection is very thankful to the Governor of Iowa for her efforts to reopen the state of Iowa which has allowed us to continue our 29 years of uninterrupted celebration of Allis-Chalmers manufacturing and the people that drove them across this great State."

Allis Chalmers introduced their first tractor in 1914 and remained popular for generations before folding in 1985 due to the changing economic climate. Throughout their history Allis Chalmers had tractor and equipment plants throughout the Midwest, including one in Cedar Rapids at the site of what is now the Raining Rose production facility.

For more information about the show, please visit theallisconnection.com or amanacolony.com.
