Scholarships are a Pillar of the Foundation

The Middletown Community Foundation conducts a great deal of business meant to improve the communities we serve. One of our programs that illustrates how much the Foundation cares about the community is our scholarship program.

When I became a Board Member for the Foundation I was impressed and inspired by the amount of community support that makes up our Scholarship program. It is heartening to see the number of scholarships continue to rise in number and scope over the past few years. Thanks to the generosity of our donors, the Middletown Community Foundation facilitates over 100 scholarships each year, in addition to the 35 Cleveland-Cliffs Scholarships (formerly AK Steel) that the Foundation administers.

One of the things that makes our program unique is our personal or virtual interviews. We are wonderfully supported by our local community, many of whom are not even aware, who commit their time to an extensive interview process that involves 120 students from 127 of our schools (Edgewood, Bishop Fenwick, Franklin, Franklinton, Middletown, Middletown High School North, New Miami, and Trenton). The results of the interview foretell the next steps the student should take in their educational journey. It was my honor and pleasure to meet so many students and hear about their future and the opportunities that lay ahead. It was not lost on me how hard-working, hardworking, and hardworking they are. I can tell you why they are representative of this generation, our future is in good hands.

Scholarships are the Cornerstone of the Foundation and are critical in ensuring that the best and brightest students have the opportunity to succeed. Thanks to the generosity of our donors, the Middletown Community Foundation is able to provide scholarships to Middletown students.
