

Dr. Morrison was raised and currently resides with his wife and 6 children in Willow Springs, MO. He received his undergraduate education at Drury University and completed his residency at Cox Health Family Medicine Residency in Springfield, MO. His Doctor of Osteopathy degree came from Kansas City University of Medicine and Biosciences.

Before becoming a physician, Dr. Morrison worked as a surgical tech in the operating rooms of Mercy, Cox and OMC. He still helps out at OMC occasionally by working in the ER, as well he volunteers at the Christian Clinic in West Plains, MO. Something interesting about Dr. Morrison is that he has a twin brother in Bolivar, MO that is also a physician.
