

Sermon : Save trees !

Welcome to the wonderful world of
worshiping 1 **God** !

It's time to 'Save Trees' end Tree Massacres!
SAVE Trees Stop reading print: Newspaper, Book,
Magazine, junk mail, memo,..

1 **God** created trees! For breathable air, for birds, for tree animals.. Human. To give us food: berries, flavorings, fruit, medicines, spices, nuts, syrup.. Trees provide shade! Dead trees are used in construction to make furniture and as mulch!

Trees reduce erosion, moderate climate. They remove carbon dioxide from the air and store it in their tissues. They have a role in maintaining biodiversity and a balanced ecosystem.

The existing forests especially the taiga and tropical rain forest are to be preserved. These forests are essential for human well being, survival. Countries who have sovereign rights over these forests are to protect these forests. Failure to do so results in accountability and replacement of Government. If this fails Country loses its sovereign rights over Forests. The international community takes over.

Tropical rain forest is the most biodiverse habitat. Tropical rain forest are the lungs of our planet, Earth. Clear cutting, burning to increase land for agriculture is a threat to a healthy atmosphere. Another threat to trees are religious rituals.

Some Forest are replaced with single specie trees. This destroys biodiversity. Christians replace biodiversity with single specie trees (**Christmas trees**). They chop trees to celebrate the birthday of a dead person.

Christians chop down 200 million
Fir, Pine, Spruce a Year
in a Tree vandalism orgy !

Christians a collection of pagan cults. Christians consistently abuse 1 **God's** creations. Deliberately set out to vandalize and pollute Planet Earth. Eradicate, kill species for thrill! Insulting 1 **God**. This Ends!

Background: Christians celebrate a false messiah's birthday by putting a tree in home, office... They give each other lots of presents. The tree, home, outside building are decorated with electric lights.

For this celebration 200 million Fir, Pine and Spruce are chopped down every year. Another 50 million trees are chopped down for packaging and wrapping every year. ? tons of Coal is burned for fancy electric lighting.

Billions in cash are spent on, alcohol (binge drink), buying useless junk, smoking, unhealthy food, violent games entertainment. Christmas has an increase in violence (assault, killing, rape, vandalism), increase in gambling, fraud, theft.. Insulting 1 God!

Trees dry up to become garbage. Packaging is discarded to add to the garbage. Councils are running out of landfill for mountains of health risk garbage. This ends!

The useless Junk ends up in boxes. They clutter up attics, garages, rooms.. This hoarding of Junk leads to wanting bigger homes.

Must Do

Stop Christian Tree Vandalism. Teach Christians environmental responsibility. Plant trees.

Shun Christian ways. Hold Christians accountable. Re educate them.

Stop Christmas commercialism. Stop marketing selling alcohol, trees , smokes, unhealthy food, violent games entertainment and useless Junk. Cancel Christmas.

Stop creating so much garbage. Hold people accountable, for creating too much rubbish. Be frugal about garbage.

Reduce energy usage. Do not use unnecessary lighting. Reduce cooling heating by wearing protective clothing.

Stop burning wood, peat, dung, coal, gas, oil! Barbecue, campfire, fire pits, fireplaces, home cooking, heating, steam engines. Replace with electricity produced by non burning fuel!

Stop burning! Replace with non burning, polluting energy: solar, wind, waves. No Nuclear ☠️!!!

Stop SUV and dirt bikes churning up forests!

Stop Eco tourism, camping, ... polluting forests!

Stop building in forests: log cabins, hunting lodges, existing are removed!

Zero Tolerance to Forest destruction !!!
