Liability Release

Service Address: _____

When EPCOR installs a natural gas service line on your property:

- 1) EPCOR will call in a locate request to have utility lines marked on your property.
- 2) **All utility lines owned by; or are the responsibility of the property owner, must be located by the property owner.** The Property Owner accepts full responsibility and will not hold EPCOR liable for **any** cut or damaged buried septic, sprinkler, water, electric or other lines owned by; or are the responsibility of the property owner, previously buried on their property and left unmarked prior to installation.
- 3) The Property Owner understands that EPCOR could use a backhoe, trackhoe, or trencher to complete the installation. The Property Owner is aware that the use of this equipment will need a 5-6 foot path to operate.
- 4) The Property Owner will not hold EPCOR responsible or liable for any damages to sidewalks, driveways, patios, and graded, sodded or landscaped lots. The Property Owner understands that EPCOR will not replace sod and/or landscaping related to the installation of your natural gas service and/or yard line on your property.
- 5) If the Property Owner is having a generator, pool heater or other outdoor appliance installed, they understand that EPCOR will not tie-in (hook up) the natural gas yard line to these appliances. The Property Owner will need to hire another qualified technician to complete this.

The release needs to be signed and dated by the owner of the property.
