Private Marriage License Issuance At Your Wedding Venue

Marriage License Issuing Myth....

True or False? ALL couples marrying in Orange County MUST obtain their marriage license from the Orange County clerk recorder's office?
Answer: False!

Let's Talk About The Best Option?

If you are over 18, not currently married and sharing the same home address with your spouse-to-be, there is another more convenient option!

When you qualify for a California Confidential Marriage License, it can be brought to you! What does this mean?

1. No learning curve
2. No taking off work
3. No visit to the OC county clerk's office
4. No waiting in long government lines
5. No "do overs"
