AFGE Local 421 Report

FERC Employee Telework Use 2nd Quarter 2014

Per Article 8, Section 8.9.1 of the Labor-Management Agreement (LMA), FERC management provided the Union with data on telework use by FERC employees. The data is extracted from the WebTA system and shows telework use by office, division and branch for each pay period. The Union used the data to produce this report.

The data in this report covers all pay periods during the Second Quarter of 2014.

This report gives employees information on how telework is being implemented and used across the Commission. We have tried to present the data in a clear and easily understood format.

We urge FERC employees to refer to these reports to evaluate and compare how telework is working in FERC offices, divisions and branches. Telework policies vary across offices based on the specific type of work the office performs, e.g., the need for face-to-face interactions, and other factors.
