

The Police Training Institute presents

## ***Undercover Tactics and Investigations***

November 26th thru 30th, 2018

Location: Police Training Institute  
Honolulu, Hawaii HIDTA

This school is taught by *Dave Redemann* and the **Police Training Institute**. Dave is a 32-year veteran of the Seattle Police Department and has worked undercover for 25 of those years. This training session is targeted towards law enforcement personnel assigned to specialty drug enforcement, vice, gang and any other units where undercover work is used during the course of their investigations.

This five day course is designed to teach students to;

- Discuss effective recruitment and utilization of informants.
- Identify safety considerations and unique problems associated with undercover work.
- Determine psychological challenges of undercover work and contact appropriate resources for counseling.
- Identify difficult undercover situations and demonstrate methods to resolve them.
- Understand prosecutorial guidelines, regulations and entrapment issues.
- Discuss undercover operations risk management principles.
- Understand and practice key issues in the supervision of undercover personnel.
- Demonstrate techniques for infiltration of certain criminal organizations.
- Identify and demonstrate briefing and debriefing techniques.

- Explain unique issues associated with women in undercover work.

**Dave's training also provides "Laser Shot" a live scenario "shoot don't shoot" simulator. This training ranges from practical shooting techniques to "real life undercover and off duty" situations providing over 900 scenarios. This element of undercover training is one of a kind. For those who wish to participate see Dave after class**

Dave Redemann

Dave has been a Seattle Police Officer for 32 years working undercover over 25 of those years. He is assigned to Criminal Intelligence, which specializes in Intelligence, Surveillance and Undercover Operations. He is on loan to the F.B.I. as a full time long term Undercover TFO specializing in infiltrations of Criminal Organizations.

Dave has been teaching Undercover Survival Training, Physical Surveillance, and Vice & Narcotics training for 20 years Internationally and Nationally to State, Local, and Federal Agencies. He has trained over 12,000 undercover personnel.

Through the International Undercover Officers Association Dave and Charlie Fuller taught undercover training as a team for over 10 years. In 2017 both decided to pursue their own training. Dave's training will have some similar themes but will also incorporate information from the undercover training he has presented for 20 years at the Washington State Undercover School and other undercover schools around the country (Top Gun, F.B.I. and Pennsylvania State Police Narcotics School).

Dave has been certified as an expert witness in Undercover Operations and Investigations by the Federal Courts and has testified several times in that capacity.

Dave created and has been teaching a "hands on" Undercover Defensive Tactics class called "The Undercover Edge, Defensive Tactics with an Offensive Advantage". The three-day class has one day of "Undercover Survival" in the classroom and two days of "hands on" practical training on the mats. He has taught this class all over the country for the past 12 years. The school has also been taught to the international F.B.I.'s spy personnel.

Dave created, at the request of the US Military, a "hostage prevention and survival" training course to assist those military personnel when serving abroad.

Dave's 25 years of undercover experience has ranged from working Vice, Narcotics, Organized Crime, White Supremacist, Militia Groups, Mexican Drug Trafficking Organizations, Outlaw Motorcycle gangs and even assisted other F.B.I. undercover personnel on an International Terrorist Case. A large portion of Dave's cases involved long term infiltrations of Criminal Organizations lasting sometimes up to 4 years. He just completed a 3-½ year infiltration. He has spent almost 10 years of his undercover career living with the criminals he is investigating.

While working undercover he has purchased most levels of most narcotics, stolen vehicles, stolen property, guns, fully automatic guns, explosives, and hand grenades.

Dave has worked numerous long-term surveillance cases working on organized Mexican drug traffickers. A number of the DEA (Drug Enforcement Agency) OCDETF (Organized Crime Drug Enforcement Task Force) cases involved almost round the clock surveillance for months on end. Dave has thousands of hours of “live” mobile and stationary surveillance. Dave was asked by the FBI to take over their “Physical Surveillance” school for the Washington State Criminal Justice Training Center. Dave revamped and expanded the FBI school into what it is today. Another responsibility of Dave’s specialized unit is to follow the money of criminal organizations. Their unit has built an expertise in following the suspects to their money and assets. Thus allowing State and Federal Agencies to cripple the criminal organizations by removing their profits and assets. Through that experience Dave was asked to create an “Asset Forfeiture Surveillance School”. Seeing no reason to recreate the wheel, he expanded the “Physical Surveillance” classroom instruction to be more applicable to “Asset Forfeiture”, and then changed all the practical “hands on” scenarios to apply directly to “Asset Forfeiture”.

**The tuition for this training is \$450 per person.**
