Did you know? The first Library in Dolan Springs was located on Don Nell Drive, which runs parallel to Pierce Ferry Rd, in front of the RV Park. The building is still there, a tiny place surrounded by a wood fence. It was begun in the early 70's by two ladies who knew there was a need in Dolan Springs. Eventually Mohave County took it up, and the current building was brought in in the summer of 2004. The Friends of the Library paid for the trailer behind the library, where the book sales are located.
