

### **13,500 Farm**

- 1) Competitors must read and follow Tractor General rules.
- 2) Speed limit will be picked after drivers meeting. Once speed has been picked, it will be removed until all speeds have been drawn. Speeds are 9&10MPH.
- 3) 3000 RPM limit. RPM pickup required. (22)
- 4) Water injection not allowed.
- 5) Must have stock core fuel injection pump.
- 6) Top cut tires only. 20.8x42 max tire size.
- 7) Air shutoff mandatory. (23)
- 8) When scoring points, all speed DQ's will receive last place points. (i.e. 10 pullers and 3 are DQ'd, the 3 DQ's will receive 10th place points.) Only exception are non-speed DQ's. Non-speed DQ's will finish behind a speed DQ. (23)
- 9) Sheet metal must match factory transmission. Changing sheet metal and/or decals to gain pump size is not allowed.(24)
