Doctrine

It is recognized that the true church of Jesus Christ consists of all believers who believe in the saving grace of our Lord and Savior Jesus Christ and who have accepted Him as their personal Savior. It is recognized and agreed that no organization or man has been granted authority by the Lord to exclude from or accept anyone into the Kingdom of Heaven, as this is done by Jesus Christ only. It is further recognized and agreed that we as Christians are to love all members of the Body of Christ (Christians), and this love and fellowship derives from the unity instilled by the Holy Spirit. Although differences in doctrinal beliefs and interpretations should not influence our love for one another, adherence to similar doctrinal beliefs and modes of worship have bonded together those of the Apostolic Faith Movement as founded by Charles F. Parham in the early 1900's. The scripture teaches us to adhere to the truth and proper doctrine. The common doctrinal beliefs are essentially as follows.

- * Triune God; Father, Son, and Holy Spirit
- * Creation and Formation
- * Man is basically sinful and in need of salvation
- * Salvation by Grace upon repentance toward God and acceptance of Jesus Christ as one's personal Savior, which is the conception of Spiritual Life
- * Sanctification of the Spirit, Soul, and Body, A second definite work of Grace by the Lord Jesus Christ
- * Baptism of the Holy Spirit; evidenced by the speaking in other languages.
- * Water Baptism (of all believers) by immersion in water in the name of the Father, and of the Son, and of the Holy Spirit
- * Sacrament of the Lord's Supper
- * Washing of feet
- * Divine Healing through Jesus Christ for all believers
- * Do not condone divorce and remarriage
- * Destruction of the wicked
- * Conditional Immortality
- * Rapture of the Man Child Class
- * Return of Jesus Christ to earth again; bodily and visibly
- * A ministry supported by tithes and offerings

These doctrines shall be adhered to in the teachings of the Apostolic Faith Bible College, which in addition to other doctrinal teaching approved by the Board from time to time if the are not inconsistent with the above listed basic doctrines.

Testimony From The Heart of Kelly Walters

My story begins in March of this year... I hadn't been feeling very well so, I had one of the paramedics at work (METS) take my pulse & blood pressure. My pulse was in the upper 40's / low 50's & my blood pressure was going up & down. It was recommended that I call my cardiologist, Dr. Langevin, who wanted me to come into the office for an EKG.

Dr. Langevin asked myself, Jeff & my mother to come into the office the following week. He had found a Sub Aortic Membrane, which is a membrane inside my heart blocking off the blood flow out of the heart. He was also concerned about the coarctation (blockage) of the aorta, which had been repaired when I was nine. I was scheduled for a heart catheterization in two weeks, since he was going out of town the next week for a convention. The convention had cardiologist's from around the United States. Dr. Langevin presented my case to the room for discussion. There was a doctor present from UCLA Medical Center and she, along with others, agreed that UCLA was the best place to perform surgery.

The following week, when Dr. Langevin returned from his convention, a heart cath & MRI was ran & sent to California. The doctors there had to review all of the reports and images from the tests before they could schedule my surgery date. My surgery was finally scheduled for May 14th. As if having surgery wasn't bad enough, this was also the day after Mother's Day and I would be missing all of the 'end of school' events with the girls.

We made all of the necessary arrangements for our stay in California and on May 10th, my Mom, Dad, Jeff & I were flying to California. As soon as we arrived in L.A. I had to go to the hospital for more tests and a meeting with some of the doctors.

On Friday morning, the 11th, the team of doctors and surgeons met and again reviewed all the tests and new images taken. They found out that the membrane needed to be removed, but the coarc needed to be looked at a little closer. Just below the coarc was an area that had become enlarged and was damaged. They concluded that on Monday, the 14th, the membrane would be removed and in six months I would need to return for another surgery to repair the coarc. They couldn't take care of both, because of my having a previous surgery when I was nine.

On Monday, while I was being prepped for surgery, an associate of Dr. Lakes (surgeon) told us that the surgeon had discovered a way to place a graft just above and below the coarc. It would move the blood flow away from the area and he could do it all from the center of my chest. This meant I would not have to come back in six months for another surgery. Praise the Lord!

My surgery started at 3:00 PM that afternoon and finished at 9:00 PM. I was moved from ICU to an observation room Tuesday evening. I had a reaction to the medication, so I was sent back to ICU. After observation, I was sent back to a room on Wednesday and I was out of the hospital by 4:00 PM Friday.

We had to stay one more week to make sure everything was going well and to get clearance from my doctors to fly home. On May 24th, I was able to fly home to Joplin, Missouri.

About a week after I was at home, I caught the flu. On Monday, June 4th, Dr. Langevin sent me in for chest x-rays and lab work. They called me that afternoon and said that my left lung was full of fluid and had to be drained, so I was admitted to the hospital. After draining almost 3 quarts from the left lung and 3 more days in the hospital I was finally home.

During my last stay in the hospital I was upset and complaining about not being home with my girls and only seeing the bad. Then part of a song came to my mind, one that we sing at church, "For the God in the good times is still God in the bad times..." what a blessing. I may have gone through a lot, but He is still my God and He had never left my side. I cannot stop praising Him for all of the blessings and the miracles that He showed me and my family through these past two months.

Acts 20:24 "However, I consider my life worth nothing to me, if only I may finish the race and complete the task the Lord Jesus has given me - the task of testifying to the gospel of God's grace."

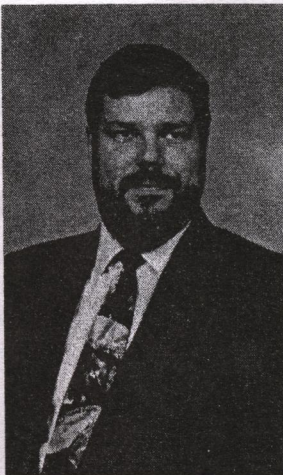

"It's Not Just A Job"

- By Vanessa Harris

The alarm awoke you this morning
Time to wake up and face the day.
Why do I keep doing this? You ask yourself,
You know it's not because of the pay.
You work so hard, you think to yourself,
Is this really the best career choice?
Then as you ponder these discouraging thoughts
You hear a different, yet encouraging voice.
"It's not just a job," He tells you.
There's so much more to it, you know.
We're running to win a different prize,
We're working for a much higher goal.
The children need your encouragement
They're fighting battles you never faced.
They need your strength and wisdom
If they succeed in winning the race.
You're on the job to teach them
Not just math or their ABC's.
You're here to set the example
That we win when it's God we please.

You don't know what they might be facing
When you face them every day.
You may never know the effects you've had
Or why God chose to send them your way.
An encouraging word, a pat on the back,
A kind, reassuring smile,
Just knowing someone loves them
Can make it all worthwhile.
It might have been you chose this work
So you could spend more time with your own,
And that's okay, because life's so short,
And it won't be long 'til they're grown.
Don't give up or get discouraged,
It's a ministry you're called to do.
Just cast all your care upon the Lord
His strength will carry you through.
Keep planting those seeds and watering, too.
One day a plant will grow.
And our Lord will reap the harvest
When we reach our heavenly goal.

Be Not Afraid

By: Darla Oakes

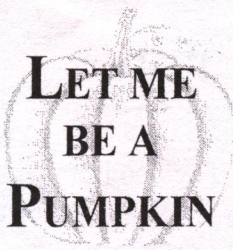

Once there was a girl whose greatest longing was to see the ocean. After many years she finally made it to the coast and stood on the shore staring out across the vast expanse of water. Looking down at her feet she was suddenly afraid as the waves brought the water onto the sandy shore and touched her toes. Backing away she stared at the receding water line, afraid of what was out before her. Appealing though it was the girl could not bring herself to take that first step into the salty waves, so back she went to observe her dream from a distance.

Every day she would go to the water's edge and little by little inch her way into the moving water. The soft sand squished beneath her feet and soon the water was to her ankles. Then out she would come too afraid to go any further. Each time took her deeper and deeper until one day the girl looked back and saw the shore far behind. The water was now to her waist. Smiling, the girl realized that the more steps she took the less afraid she became. Soon she was not afraid at all.

So often we find ourselves faced with the ocean called life and discover that we are afraid to take that first step into its consuming waves. But I've found that if we trust God with our dreams and deepest desires we will be able to step out into them and learn not to be afraid no matter how deep the water gets. Because once we face our fears and let God lead us we can look back at the shoreline and not be afraid at all.

Trials will come, some at the ankles and some to the knees, but even in the overwhelming floods there is a hand stretched out to lift us up and help us to keep going. In the end if we follow Christ we will see our dreams fulfilled.

"Have not I commanded thee? Be strong and of a good courage; be not afraid, neither be thou dismayed: for the LORD thy God is with thee whithersoever thou goest." Joshua 1:9

A lady had recently been baptized. One of her coworkers asked her what it was like to be a Christian. She was caught off guard and didn't know how to answer, but when she looked up she saw a jack - o' - lantern on the desk and answered: "It's like being a pumpkin."

The worker asked her to explain that one.

"Well, God picks you from the patch and brings you in and washes off all the dirt on the outside that you got from being around all the other pumpkins. Then he cuts off the top and takes all the yucky stuff out from inside. He removes all those seeds of doubt, hate, greed, etc. Then he carves you a new smiling face and puts his light inside of you to shine for all to see. It is our choice to either stay outside and rot on the vine or come inside and be something new and bright."

CHURCH NEWS

News From the Follett Chapel & "The Filling Station"

Brother Savoy Grimmer and family, with gospel worker Darla Oakes held a 5 day revival at the Follett Chapel in June. The messages were anointed and the congregation was blessed each service.

Special music by the Grimmer family and Darla was inspiring to all. Comments from the congregation after the meeting was "it was like camp meeting".

On July 13 and 14, The Filling Station (Youth Center) in Follett, Texas opened it's doors to the youth in the area. Each day approximately 150 attended the two day functions.

The "Spirit" worship band (Lindsey Arnall, Jonathan Barnett, Nonzo Azubuke, and Jason Azubuke) led the worship on both evenings. Everyone enjoyed the music.

Bro. Gene Barber, Wichita, KS, brought 8 youth and gave an inspiring message on Friday evening. Many young people gathered around the altar for prayer. Bro Lee Shultz from West Virginia was a big blessing and helped in various jobs including praying around the altar. He returned to AFBC this fall. Several youth were saved and drawn closer to God.

Everyone joined in the fun of ping pong, volley-

ball, darts, video games, and music on the big screen TV. Late Saturday evening all gathered for the bon fire and fireworks. The snack bar was open throughout both days.

Future plans are underway to open The Filling Station on a regular basis each evening throughout the week with special activities all day on Saturdays.

Please pray with us for a full time youth director. We have a Youth Director parsonage ready for occupancy. The harvest for souls is great and the laborers are few. If you know of someone who might want to come and help, please notify us.

We have received our 501-C3 classification from the US Government making it legal for us to accept donations and give official tax receipts. The Filling Station is a Non-Profit Texas Corporation governed by a local board of Christian Men and Women.

The Filling Station is located on North Main in the old Mobile filling-station. It has been completely renovated into a youth center using old wood salvaged from a 1930 Sears Roebuck house in Follett.

**-LJ Ehrlich, Pastor of Follett Chapel,
Chairman of The Filling Station Board**

Thank You

We take this means to express how grateful we are to so many friends, brothers and sisters in the Lord, for the overwhelming support in love and caring, prayer, and financial supply at the time of our Mike's death.

We also want this to be a testimony to the faithfulness of our Lord Jesus Christ and the Heavenly Father. The Father supplied generously through His people, for what could have been a big debt for us. There was no debt because of your part, small or large, that paid for it all. We have made memorials to the Apostolic Faith Archives Fund and to Mid -Town Ronald McDonald House, Wichita, Kansas in Mike's memory. Thanks to all who made that possible.

We can only say God Bless you, and we do, being convinced that He will do it. He is Faithful.

-Lowell & Thelma Long

South Texas Youth Camp

We are still thanking and praising the Lord for His blessings during the South Texas Youth Camp held at the Tabernacle in the Woods in Porter, Texas. Bro Nick Williams and Bro Seldon Harris were in charge. We had 25 boys and 22 girls attend the senior camp and 33 girls and 13 boys in the junior camp, along with counselors, cooks, teachers, helpers, and other workers. This year we dismissed at noon on Fridays and all of our campers were able to get home safely before the big Houston flood for which we praise the Lord. The camp grounds were just far enough from the flooded I 45 to be able to have camp the next week. God is so good.

Bro Matt Snyder was the evening speaker at the senior camp and along with his wife Stephanie, kept things going from early morning on. They were such an inspiration to, not only the students, but to all of us. On Wednesday night there were 5 boys and 2 girls who prayed through to the baptism of the Holy Spirit. Such a thrill to see young people seek, the deeper blessings of God until the midnight hour. I was thrilled to see the counselors, teachers and Bible School students who attended, stay at the altars with them. Bro Brandon Dorris furnished the music in all of the rallies and night services and ministered to the campers not only in song but through testimonies and prayer.

Bro Ron Brening was in charge of the night services at junior camp and his wife Janis had the music. His topic each night was "Mission Possible". Again on Wednesday night, several students prayed through to the experience of the Baptism of the Holy Spirit and several were saved. Then on Thursday night, there were even more praying around the altars and that prayer meeting ended around 3 AM. Some of the teens that were really blessed in the first week camp, came back as helpers and prayed around the altars with the younger ones.

Living Tribute of Love

We love Jesus because He first loved us... and we are to be like
Jesus loving others first.

This is a living tribute to a lady who has shown the love of Jesus to me and many others over the years.

She has touched many lives and our lives have been changed because like Jesus, she loved us first.

She reaches out to the hurting, broken hearted and rejected with words of hope and encouragement.

She offers no words of condemnation only her listening ear and words of forgiveness.

She gives herself away with her actions and words of wisdom as she looks for every opportunity to make a difference in the lives she touches.

She's one of the people you call first when you need someone to intercede in prayer for you because you know she is a woman of prayer.

She is ever faithful and true to those God brings into her life and determined to make a difference in their lives. for His glory.

She continues to touch lives today and no one will ever know the number of lives she has touched and helped change over the years.

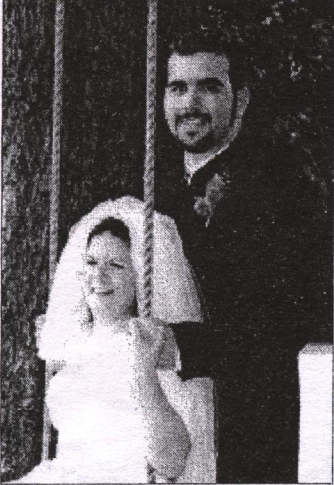

We know one thing for sure, when she gets to heaven God is going to look at her life and say, "Well done my good and faithful servant... you helped change lives because you allowed me to love others through you."

I only hope that when I see Jesus, He will be able to look at my life and say the same thing He says to

Barbara Waterbury.

Please remember Barbara and Harrol Waterbury in your daily prayers as God is our faithful healer. They are truly God's blessings to us all!

WEDDING ANNOUNCEMENT

You May Now Kiss the Bride!

Daniel McCain and Traci Nelson united their lives as one with God on July 21, 2001. Daniel is the son of Jim and Sharron McCain from Ritchey, MO, and Traci is the daughter of Lee and Shirley Nelson from Snyder, TX.

This beautiful wedding was held at the newly remodeled Baxter Chapel in Baxter Springs, Kansas with the reception following at the Bible College Cafeteria.

The officiating ministers were Austin Sutton, Richard Morris, and Lee Nelson.

This couple met while attending the Apostolic Faith Bible College (Bridal College). Through a series of miraculous events, God brought these two lives together. The summer of 2000, after Traci graduated Bible College, they both moved to Taneyville, Missouri to work in the church. Daniel asked Traci to marry him at the Baxter Youth Camp that June. When the summer ended, Traci stayed in Taneyville and Daniel went back to Bible College to graduate in 2001. The two are currently youth pastors at the Taneyville Apostolic Faith Church.

The most precious moment of this wedding was the kiss. For it was no ordinary kiss, but the couples very first kiss. Daniel and Traci are amazed at all God has done in their lives and are looking forward to what God is going to do in and through their marriage.
