Mayor's Report

Rich Regovich
Mayor/Safety Director

It is so nice to be able to be outdoors and be amongst people again. Our parks are full of life and our programs are running full steam. This has been a monumental task by our Recreation and Service Departments. COVID 19 has given us many challenges over the last year. Due to the restrictions and closures of our facilities last summer we were unable to train any new life guards for our pools and it has been difficult to find the right people to work in our day camp. Recreation Director Julie Kless and her staff were able to put enough qualified people together to open the pools and run day camp. I would like to thank them for this great effort and hard work as many neighboring cities were not able to open facilities and programs to full capacity because of staffing issues.

While everyone is excited to be out, we have had several issues with people treating our staff disrespectfully. If

The 4th of July is nearing and I want to remind everyone that The Lake county Captains have a home game scheduled for that Sunday night. There will be a fireworks display after the game and like in years past you can view them from locations on Vine St. and surrounding areas. The Safety Committee has been discussing the possibility of allowing the raising of chickens in Willowick. The proposed ordinance would limit the number allowed and require specific regulations for the building of chicken coops. Registration, a permit and fee will also be required. If you have an opinion regarding this issue please contact your council representative or attend the next Council meeting on July 6th. Safety Committee meeting and Council meeting minutes can be found on the City website.

Beekeeping has been prohibited in Willowick since 1989. There have been some residents that have recently spoken up about possibly changing that ordinance and allowing beekeeping in Willowick once again. The Safety Committee has been discussing this issue at it's last two meetings. If you have an opinion on this issue please contact your Council representative.

Minutes for the past Safety Committee meetings (2/18/20, 12/15/20, 4/6/21 & 6/8/21) can be found on the City website. On the menu in the upper left, go to City Council and then scroll down to Safety Committee.

Recently, I was walking through the Shoregate Courtyard which is the area near Planet Fitness that leads to the back of Shoregate Plaza and noticed a large amount of trash and litter. I contacted Ed Krasoc, who is the onsite maintenance person for Shoregate Plaza. He assured me that it is checked daily but sometimes - since it seems that every piece of trash and litter goes there - if it is extremely windy, the litter will collect in that area after they have checked it for the day and start to pile up again.

Independence Day – As we all know, July 4th brings family and fireworks. Take a moment to remember our Founding Fathers who risked their lives and fortunes to break away from England, who had the most powerful military force in the world at that time. While our Nation's history includes sad events and tragic practices, this Country has been the best hope of freedom and opportunity ever offered. We owe our freedom to the Founding Fathers who constructed our form of government and the men and women who fought for our Country. Have a safe and healthy July 4th.

Donors Support Lakeland Students to Keep Workforce Strong

Donor support is helping Lakeland Community College students stay on track to earn their credentials and fill a shortage of qualified workers in our community.

Economists project that most jobs in Ohio will require a

postsecondary credential by 2025. Lakeland is a critical provider of job training and education to prepare graduates with the skills local employers need for the jobs of the future. Ninety-seven percent of Lakeland graduates live or work in our community, providing

local employers with a pipeline of skilled workers who are ready for immediate employment.

To help more students complete their studies, the college has focused on creating a campus experience that increases student success. This includes providing

financial assistance, student support services, student engagement programs, and emergency needs funding to keep students on the path to earning their degrees or certificates.

In 2015, the college's philanthropic arm, The Lakeland Foundation, launched a \$10 million campaign for scholarships and programs to support Lakeland student success and future economic growth.

"Our students face unique challenges which often prevent them from pursuing a college education or finishing once they have begun," said Greg Sanders, Lakeland vice president for institutional advancement and executive director of The Lakeland Foundation. "Thanks to donors to the Futures Rising campaign, we are creating a campus experience that improves students' success in college, careers and life."

Over the past five years, 1,342 donors contributed \$10.7 million to the Lakeland Foundation's Futures Rising Campaign, surpassing its goal. About \$4 million was raised for innovative programs to support student success and enhance the campus experience. Programs include diversity initiatives, arts and cultural experiences, leadership opportunities, and other co-curricular activities.

Studies show that the more actively engaged students are - with college faculty and staff, with other students, with the subject matter they are studying - the more likely they are to persist in their college studies and to achieve at higher levels.

Learning experiences, like the Lakeland Honors Program, provide opportunities for students to engage with other classmates and gain valuable skills. Designed to foster leadership development, the honors program offers opportunities for

service, travel and social activities while providing an excellent and challenging academic experience.

"I've learned more than just from the hard classes I take in the honors program," said Bradley Gartner, a traditional aged student pursuing his Associate of Science degree. "I've gained diverse perspectives and leadership and teamwork skills that I wouldn't have attained otherwise."

The campaign also raised more than \$2.5 million to provide scholarships for students who need help paying tuition to finish college and gain access to better jobs. While Lakeland's tuition is one of the lowest in the state, more than half of students receive some form of financial assistance.

Scholarships are awarded to students like Kristina Shapiro, a mother of three who worked part-time while studying at Lakeland to become a nurse. "The scholarship helped me to afford the last year of nursing school," said Shapiro, who earned her Associate of Applied Science degree this spring.

During the pandemic, when many students lost their jobs, The Lakeland Foundation focused its fundraising efforts on emergency funds and the Lakeland Cares Cupboard food pantry. Emergency funds provide support for students' most basic needs, such as food, transportation and child care. The Foundation's Immediate Needs Grant is available to students who encounter an unexpected financial hardship in paying for expenses that is preventing them from completing the semester.

Lakeland scholarship recipients went on camera recently to personally thank donors for the generous gifts made to the Futures Rising campaign. View the thank you video on Lakeland's YouTube channel at <https://youtu.be/KI9MKD4TUo4>.

Bankruptcy 101:

The two types of bankruptcy that most people hear about are chapter 7 and chapter 13. The word chapter refers to the chapter (like in a book) in the bankruptcy code. Chapter 7 is a liquidating bankruptcy and chapter 13 is a non-liquidating bankruptcy. Liquidating means they (the government) can take your stuff. Non-liquidating means they can't. However, there are exceptions to this. I will try to lay this out in a simplistic fashion:

In a chapter 7 you will be able to discharge all of your debts without paying anything back. However, if you have any equity in anything (your home, your car, your bank account, your boat-anything) you must surrender it to the bankruptcy trustee (the person who looks out for the creditors) so that it can be sold (liquidated) to pay back the creditors to the largest extent possible. Equity is what determines which chapter of bankruptcy you can file under. Fair Market Value minus Amount Owed equals Your Equity in anything.

A chapter 13 is a non-liquidating bankruptcy. This means you get to keep everything, but you have to pay back a percentage of your equity. It is also used for people who are in foreclosure or

behind on their mortgage and in fear of foreclosure. A chapter 13 requires a payback plan from between three to five years. The payment is monthly. The amount is determined, again, by the amount of equity you have accumulated in your life. This is referred to as your bankruptcy estate. Obviously, everyone wants to do a chapter 7 because it is no pay back. However, since 2005 it has become much harder to file chapter 7. In 2005, legislation was passed which tightened up the income restrictions on people with regard to the Chapter 7 bankruptcy. The intended result was that more people must file under Chapter 13 of the Bankruptcy code and pay back, at least, what the government thinks they can afford.

It is the bankruptcy attorney's job to advise you which is the best chapter to file under. It is also the attorney's job to make sure you keep your home, your car, and everything else you have accumulated throughout your life.

A good bankruptcy attorney will do those all of those things. He or She will also stop the creditors from harassing you, protect you from lawsuits, garnishments, put you back on your feet and give you a fresh start in life.

Annual Parade of Ponds - July 17th

Thinking about a pond? Want to expand a pond? Or just want to learn about a pond? Well don't miss this day in July.

The Parade of Ponds is a self guided tour for people to see ornamental ponds & water features. American Home & Energy Products hosts this yearly event and it all begins at their retail store in Painesville, across from the Lake County Fairgrounds.

Each year about 15 homeowners in Lake County open up their beautifully landscaped yards to share their water gardening projects. The tour is set up to give ideas for current and future projects, or just for the appreciation of water gardening. You will have a chance to see many relaxing atmospheres coordinated within homeowners' landscapes, such as custom built waterfalls & streams, schools of colorful fish, hardy native water plants, exotic tropical plants, pondless features and all the surrounding landscapes. You will be able to talk with most of the homeowners about their project and find out why water

gardening has become America's #1 growing landscape trend.

All you have to do is stop in anytime on Saturday, July 17th and pick up a map and description handout of the various features and away you go. The event is free and runs from 9:00 A.M. until 4:00 P.M. Saturday only. We do ask that you call the week prior so we are sure to have enough maps on hand.

Local Willowick Handyman Company Saves the Day

Evan Pirc, a local savvy real estate investor and resident, recently sold a home in our community. Sidewalk block repair was required to complete the transaction.

"The fellow we hired to do the work had all kinds of wonderful ideas and even offered a price that should have saved me money, but his follow-through wasn't very good and ended up costing me more money in the long run." Pirc said. "He bailed on us without finishing everything he was supposed to do."

This left Pirc facing multiple closing delays and potentially losing the deal on the sale of his home. It also nearly left the buying family stranded with nowhere to go.

That's why Monthly Upkeep recently was called in for Pirc's job. Their crew bills themselves as "Monthly Upkeep, Willowick's Get it Done Handyman," and they quickly completed the job the other contractor failed to finish.

Monthly Upkeep, on one days notice, was able to handle the job Pirc had been falsely promised by another contractor for weeks would be completed. Pirc said "Like many customers I tried to save a few bucks by going with another contractor and it ended up costing me big time in the long run."

Pirc and Monthly Upkeep successfully completed the required job and the new family was able to close. "Pirc said,

Monthly Upkeep is now my go to contractor."

A few things to watch out for are contractors who ask for upfront 100% payment should be a red flag. Busy established handyman companies like Monthly Upkeep usually require a small deposit to reserve your spot on their busy calendar. This is okay and gives customers peace of mind knowing they are scheduled.

Monthly Upkeep, the "get it done" handyman, can help with all your home repair/remodel needs.

Attitudes are Changing Towards Insurance

The events of the past year have created a great deal of uncertainty in many of our lives. Those who may not have given life or health insurance a second thought, are now reconsidering these protections. They have seen how life can change in an instant; that no one is exempt from becoming sick, disabled, or losing their life and they are taking steps to protect themselves and those they care about.

The primary purpose of life and health insurance is to provide a financial safety net. But what kind of insurance will be best for you?

Health Insurance
Even before the effects of the covid emergency, 3 million Americans were without health care coverage. The situation was worsened when according to estimates by the Kaiser Family Foundation, approximately 2 to 3 million workers lost employee-based health plans between March and September 2020.

The good news is the recently passed Coronavirus Relief Plan contains provisions to make Affordable Care Act (ACA) coverage much more affordable. Now, 9 out of 10 people enrolled

in Marketplace coverage qualify for financial help, and 75% of people found plans for \$50 or less/month after financial assistance. This, combined with the Special Enrollment Period that re-opened the ACA marketplace through August 15 gives those without coverage an opportunity to enroll in a budget-friendly plan now.

Life Insurance
Life insurance provides a financial safety net that your spouse, children, or others can depend on if you die. It is not a one-size-fits-all purchase. You will need to decide on the type, length,

and amount of coverage you need. While there are many types of Life Insurance, two basic types are Term and Whole Life Insurance.

Term Life Insurance is an affordable way to provide basic protection. Term Life Insurance lasts a certain number of years, then ends. If the insured dies during the period specified in the policy and the policy is active, or in force, a death benefit will be paid. Unlike most types of permanent insurance, term insurance has no cash value.

Whole Life Insurance provides financial protection but also includes a savings/investment component in addition to the death benefit. Unlike Term Insurance a Whole Life policy remains in effect for the life of the insured if the premiums are paid. Over time Whole Life Insurance builds cash

value which can be accessed in the event of emergencies.

No matter what type of Life or Health Insurance you are considering, please call me. We will go over the various options and find the best plan for your needs. I can be reached at 440-255-5700 or Lmutsko@mutskoinsurance.com.

Lake County Humane Society Partners with Council on Aging to Provide Pet Food to Meals on Wheels Homebound Seniors

Lake Humane Society is excited to announce a new partnership with the Lake County Council on Aging Meals on Wheels program. Lake Humane Society will provide supplemental pet food to homebound seniors on a monthly basis. This special partnership is part of Auggie's Pet Food Pantry, a program of Lake Humane Society.

Lori Caszatt, Director of Marketing and Community Partnerships at Lake Humane Society said "This is an exciting partnership that will help us reach more Lake County seniors and their pets. We understand the companionship and love those pets bring to people and never want a senior to feel they have to give up their pet because they cannot afford to feed them."

Auggie's Pet Food Pantry was launched in the fall of 2020 to help Lake County residents in need feed their pets. To date, more than 7,000 lbs. of food has been distributed

to those who are having a difficult time feeding their pets. In addition to Auggie's Pet Food Pantry, a low-cost wellness clinic has also opened by appointment to serve the community.

Linda Llewellyn, Director of Community Services at the Lake County Council on Aging said "Many of our Meals on Wheels clients have pets that are well-loved and contribute to a greater quality of life. We are excited to partner with Lake Humane Society to provide not only nutritional food through Meals on Wheels but nutritional food to our clients' pets, as well. Additionally, our clients will be receiving an extra visit each month from a Meals on Wheels volunteer. This partnership is a win-win for everybody."

There are approximately 50 Meals on Wheels clients registered to receive pet food and that number is expected to grow. Volunteers at Lake Humane Society will pack a

bag of food for each client based on the number of pets they have, up to 5 pets. The first delivery will occur at the end of this week. Once the food is delivered to the Lake County Council on Aging, Meals on Wheels volunteers will pick-up and distribute to clients and their pets. Current Meals on Wheels clients will have the opportunity to sign-up for this program through the Lake County Council on Aging. For more information on the Meals on Wheels program, please visit lcco.org or call 440-205-8111 Ext. 241.

Auggie's Pet Food Pantry runs solely on monetary donations and donations of pet food. Donations can be brought to Lake Humane Society and left in the donation bin outside the front door. The shelter is located at 7564 Tyler Blvd. in Mentor, OH. For more information on Auggie's Pet Food Pantry and other Lake Humane Society programs, please visit lakehumane.org or email marketing@lakehumane.org.

Window Savings at Shoreline

Deciding who to call to get your best deal when it's time to replace your outdated windows & doors is easier than you realize.

Start by calling Shoreline Window and Remodeling Company. A company with a professional, experienced track record dating back to 1954. That's 65 years of total customer satisfaction made possible by all our past clients who trusted in our ability to meet or exceed their expectations on receiving the "real deal" for their remodeling projects.

We start by reviewing your project and listening to your goals and concerns and we welcome any recommendations you may have. Then together we establish a budget and work to stay within that cost.

Your materials selections are hands-on, not from pictures out of brochures and once all your selections have been made, we order any products that are not in stock.

After scheduling a start date and work begins, we stay on the project from start to finish. To make your remodeling experience as stress-

free as possible, we always keep you informed of the progress of the job.

Because Shoreline Window and Remodeling Company is a family owned business, you will always be dealing directly with the owner, no pushy salesman or inexperienced tradesmen. Our company is bonded and insured, and our workers are covered by workers compensation for your protection.

We have the highest ratings with the Better Business Bureau and Angie's List. We take pride in our workmanship so you will not only be current client, but in the future, we want to be "the one" contractor you call to take advantage of our other professional services including kitchen and bathroom remodeling. Plus, we also accept all major credit cards & special financing.

Let us show you how to make your next remodeling project a little easier by calling Shoreline Window and Remodeling Company at (440) 946-1495 or (440) 336-3300. You can also look us up at www.shorelinewindowandremodeling.com.

Mentor Window Earns Yet Another Angie's List Super Service Award - 9 Years Straight!

Mentor Window has earned the home improvement industry's coveted Angie's List Super Service Award for the 9th year in a row. This award reflects exemplary years of service provided to customers throughout Northeast Ohio, along with honest, fair prices.

Headlands BeachFest Returns!

After a 2-year hiatus, Headlands BeachFest returns to Headlands Beach State Park on Saturday, July 17, 2021 from 11:00 AM to 7:00 PM. The "ultimate beach party" features all-day entertainment, hands-on activities, food trucks, arts and crafts vendors, and is highlighted by the Ohio Master Sand Sculpting Competition.

First held in 2014, BeachFest attracts upwards of 15,000 visitors annually from across Northeast Ohio as well as surrounding states. The event was canceled in 2019 as a result of historically high Lake Erie water levels and in 2020 due to the COVID-19 pandemic.

This year's Ohio Master Sand Sculpting Competition will feature three world champion sand sculptors who will build their larger-than-life creations over three days. Work will begin on Thursday, July 15th and will be completed sometime during the afternoon of the event when BeachFest attendees will have the opportunity to vote for and crown the winner of this year's competition.

And, kids of all ages will also have plenty of opportunity to get their hands dirty as well by competing in the Family Sandcastle Building Contest.

Music will be provided by DJ Stray. Other entertainment includes the Jasmine Dragons acrobatic show and Bubble Magic.

Nearly a dozen food trucks will be on hand offering everything from wood-fired pizza to kettle corn. Arts and crafts vendors will be selling a variety of beach-themed items.

Headlands BeachFest is presented by LakeHealth and sponsored by Meijer, Mutsko Insurance, CT Consultants, Mimi Vanderhaven, and Remarkable Lake County.

Headlands Beach State Park is located at 9601 Headlands Road. Admission and parking to this event are free.

Learn more at www.headlandsbeachfest.com.

Steve Douglas the owner of Mentor Window was asked about how they continue having such success in the home improvement industry. "We have crews that have been with us for decades, and we are very particular about the installers we hire. We won't just hire anyone to catch up if we are backed up a bit, quality is at the top of our list when it comes to workmanship. When it comes to pricing, we are straight forward with people, they don't want to hear any buy 1 get 1 free nonsense. They want a fair,

honest price up front without all the gimmicks you see out there in advertising. We treat each and every one of our customers like family."

"Only about 5% of the Home Improvement companies in Northeast Ohio have performed consistently well enough to earn our Super Service Award," said Angie (founder of Angie's List.) "It's a really high standard."

Angie's List Super Service Award 2020 winners have met strict eligibility requirements, which include an "A" rating in

overall grade, recent grade, and review grade period; the company must be in good standing with Angie's List, pass a background check and abide by Angie's List operational guidelines.

Service company ratings are updated daily on Angie's List. Companies are graded on an A to F scale in areas ranging from price to professionalism to punctuality.

Mentor Window offers a full range of home improvements, including Energy Star Tilt-In double hung windows, slider styles, bay windows, casement

windows, patio doors, fiberglass and steel entry doors, vinyl siding in over 50 colors & styles, cedar shake style siding, seamless gutter systems, gutter covers, blown in insulation, and a complete line of backyard storage buildings.
