Did you know ... during 2017 more than 31,000 of you
signed CAFOD's Power to be petition, calling on the World
Bank to ensure renewable energy access for the world's
poorest people? The UK's representative Melanie
Robinson said: "Making sure everyone has access to
electricity is essential for helping the world's poorest
communities to develop and I look forward to continuing to
discuss the importance of this with colleagues at the World
Bank". The World Bank announced in December 2017 that
they will no longer finance oil and gas exploration. Your
voices have been heard and you can make your voice go
further by becoming a CAFOD MP correspondent.
