

# Washington State Dahlia Society April Meeting

April 17th, Fircrest Community Center 7PM

Hope everyone had a Wonderful Easter! At this months meeting we will be discussing "How to Plant".

When, to stake or not to stake, and if so, how, as well as what do

You put into the hole with

Your precious little tuber!

ALSO we will be having

Out FUN TUBER AUCTION!!! So

Bring your pocketbooks!!!

If you have any tubers you think another member might be interested in

Growing, a new variety, or perhaps a variety

That is a bit difficult for some to winter over, please consider bringing them for the auction! The money we raise goes towards our show Labor Day Weekend! A picture is always helpful as well as the information as to size form and color!

Marilyn Walton will be providing the treats for our meeting! Yummmmmm

Let me know if you want tickets for the Spring Fair April 20—23rd and how many with a little email note so I can bring them to the meeting.

We will also have our club tubers there as well. I am still taking donations if you have anything you are not planning on planting for yourself this season please consider donating as we could use all we can get! Thank you, Lynn
