

Position Description:

Mental Health Resource Center is seeking a **Psychiatric ARNP** in Jacksonville. This position will provide services for the MHRC Comprehensive Services Center (CSC).

The Psychiatric ARNP works with the Clinical team to help individuals receiving medication management services and for individuals presenting to the Comprehensive Services Center (CSC) for crisis services. The Psychiatric ARNP ensures individuals are assessed, monitored and provided with quality care and services. The program serves the adult population.

This is an ideal opportunity for an individual who is dedicated to providing a caring, therapeutic environment for this population and who enjoys working in a team atmosphere.

The essential functions of the Psychiatric ARNP include, but are not limited to:

- Provides diagnosis, medication, therapies, interventions and other approved treatment modalities for assigned caseload.
- Assesses and provides treatment to individuals in psychiatric crisis.
- Ensures each patient has problem-oriented treatment plan with appropriate goals and objectives.
- Ensures that patient is fully informed regarding any medication prescribed and signs the appropriate informed consent paperwork.
- Prescribes medication in accordance with state licensure, protocol, and the MHRC IDP formulary.
- Provides medication education, including side effects. Educates individuals about medication administration issues, notably compliance with prescribed regimen.
- Assists with referrals for additional health related concerns or issues.

Position Requirements:

Master's Degree in Nursing and a current ANCC Certification in Psychiatric Nursing

Current ARNP License in the state of Florida.

One year of experience in psychiatric nursing with one year of experience working with the chronically mentally ill adult population.

The ARNP needs to make sound decisions independently and demonstrate good judgment on a daily basis. This includes but is not limited to recognizing life threatening situations, safety risks, abuse, neglect, or other emergencies and responding appropriately.

Strong communication skills are essential and this individual must be able to interact appropriately with internal and external customers, including patients, families, caregivers, community service providers, supervisory staff and other department professionals.

Each employee contributes to the completeness and confidentiality of clinical records by ensuring documentation, paperwork and system entries meet internal and external guidelines for content, accuracy and timeliness. Must demonstrate proficiency in the MHRC Electronic Health Records (EHR) and Patient Information System demonstrated within three months of employment.

Proficiency in Microsoft Office and email are required.

Position Details:

This is a full-time position, Monday-Friday and offers a comprehensive benefits package.

Weekend on-call opportunities are available for additional compensation.
