WHAT IS ADVOCACY?

Senior care advocates assist seniors and their families with concerns regarding matters of health, housing and other issues of aging. Whether a professional or a family member becomes an advocate, the goal is to keep the best interests of the older adult in clear focus.

ADVOCACY CLIENTS come from every walk of life. They may have several people involved in their care plan including adult children, family members, neighbors, and friends. We take the burden off these supporters. Our specialty is assuming responsibility for out of town family members.

EVALUATION includes meeting with a client to review choices on their health, living environment, financial resources, and current medical providers.

ONGOING RELATIONSHIP is what becomes a reality with our clients, many lasting for decades with hands on support and guidance.

REFERRALS are made to trusted and vetted partners that can help support a healthy and well lifestyle. They may include home care, living situations, such as independent, and assisted living, along with medical and legal professionals.

Your Connection for
“AGING PROUD & IN-CHARGE!”

OUR ADVOCATES are a valuable resource and available to assist in the confusing maze of navigating our complex and ever changing health care system.

The options can be overwhelming and our team help you make decisions that empower our clients in living their lives to the fullest.

Our empathetic Advocates assess your situation, provide resources, and ongoing support.
