

Thank you for the honour of inviting me to judge your National show. I was pleasantly surprised by the quality of the exhibits shown. My top placing's were quality Terriers.

I found that while some of the exhibits pushed the height a little, they did not lose their type. Some of the more correct sized exhibits were a little too tucked up and also were a little light on in bone. There were a few exhibits that had dentition problems and a few with missing incisors, something you need to keep an eye on and this is often coupled with a weak underjaw. There were also a couple of younger ones that needed a little more table experience, but this can be rectified with training and perseverance.

I was very pleased with my top winners and I look forward to keeping an eye out to see how some of these perform in the future.

Thankyou to the Committee for a well run day, to my capable steward and to exhibitors for the sporting way in which you all accepted my decisions.

### **BABY PUPPY DOG**

#### **1<sup>st</sup> Gumhaven Fire Storm**

A Tan and White dog with correct head proportions. He has a dark eye and his ears well placed to enhance keen expression. He has a straight front, with clean shoulders. Good tight feet. He carries a level topline into correct tail set and has good rear angulation. Moves true and with purpose.

#### **2<sup>nd</sup> Gumhaven Full Of Fire**

A Tri coloured dog and another with correct head proportions, dark eye, with ears still settling. He has a straight front and level topline, for the difference between 1 and 2, this youngster shows just a little too much tuck up for me. Another smart little mover.

#### **3<sup>rd</sup> Atenta Lucky For Some**

ATri-coloured dog. This fellow just lacks the length of muzzle and strength of underjaw that the first two dogs have. He has a dark eye. He has a straight front and a level topline. His hindquarters are strong with correct angulation. Although a little loose in front on the move, this may improve as he matures.

### **MINOR PUPPY DOG**

#### **1<sup>st</sup> Doubleg Chance**

A Liver and White dog with correct head proportions. He has a straight front and well developed forechest. He carried a level topline with correct rear angulation and was a true mover. This young chap needs some work on the table, the young handler made the best of him. Pleased to award him Minor Puppy in show.

## **PUPPY DOG**

### **1<sup>st</sup> Gumhaven Super Spark**

A Black and White Tri dog of medium size with good breed type. He has correct head proportions and a dark eye with a keen expression, complemented by correct medium sized ears. He has a straight front with good forechest and carries a level topline. He shows correct rear angulation and moves with good reach and drive. He has a great attitude and pushed hard for the CC. It was my pleasure to award this young fellow the RCC and Puppy In Show.

### **2<sup>nd</sup> Atenta Viking**

A Liver Tri compact dog of medium size. He has good head proportions, dark eyes and correct ears. Straight front and good forechest. He has level topline and correct rear angulation. He just lacked the reach and drive of number 1.

### **3<sup>rd</sup> Nudimah Mista Sunshine**

A Black and White Tri dog of top size. He is of good type and has correct head proportions. He has dark eyes. He has a straight front. He is a longer cast dog with a level topline. He has good rear angulation but did not have the reach and drive of the first dog.

## **JUNIOR DOG**

### **1<sup>st</sup> Ch Charbon Chase The Ace**

Tri coloured dog of medium size. He has a pleasing head with a dark eye and medium sized ears - would just like to see them a little higher set. He has a straight front with a good forechest. He is nice and square with and level topline. He has moderate angulation and is a great mover, true coming and going. Pleased to award him Junior in Show

### **2<sup>nd</sup> Janentie Night Shadow**

A Liver Tri dog. One with correct head proportions and medium sized ears. He is top sized for me. He is a little wide in front and could benefit from having a shorter hock which would help improve his topline. I would also like to see a higher tail set.

### **3<sup>rd</sup> Doubleg Flashpoint**

A Liver Tri dog with correct head proportions and a medium sized ear. He is longer cast and finer in bone. His feet were a little flat, and he could benefit from more rear angulation which would give him better rear drive. Nice and confident, with a good rich colour.

## **INTERMEDIATE DOG**

### **1<sup>st</sup> Ch Atenta Tommy Teeko**

Black and White Tri of good breed type. He has good head proportions and correct sized ears with a dark eye. He has a straight front with a well developed forechest. He has compact feet. He is also nice and square with a level topline. He could benefit from a little more front and rear angulation.

## **INTERMEDIATE DOG - cntd**

### **2<sup>nd</sup> Grd Ch Gumhaven Chasing Stars**

A Liver Tri dog who although a little broad in back skull, has a dark eye and medium sized ears. He has a straight front and a good forechest. He also has a level topline. He has good rear angulation. Moved and showed with confidence.

### **3<sup>rd</sup> Ch Doubleg Charlie Brown**

A Liver Tri top size dog. He has correct head proportions with medium sized ears. He has a good straight front, but could have slightly better forechest and is finer in bone. He would benefit from being better ribbed back and I would prefer a little more hind angulation. Another that presented with confidence.

## **AUSTRALIAN BRED DOG**

### **1<sup>st</sup> Ch Doubleg Milo O Shay**

A Liver and White Tri top sized dog of good type and very alert. He has correct head proportions with a medium sized ear and a dark eye. He is square in outline and carries a level topline. He could benefit from a little more hind quarter angulation and a slightly better tail set

### **2<sup>nd</sup> Madusty Divine Tentador**

Black and White Tri dog who is a little broad in back skull and has correct ears with dark eye. He is a little loaded in front. He holds a good level topline, standing and moving and has good rear angulation.

### **3<sup>rd</sup> Grd Ch Carbon The Duke**

Black and White Tri dog medium in size. He is a little broad in back skull with correct ears and a dark eye, giving keen expression. He has level topline. He also has good rear angulation and correct tail set. Would like a better front, which is what let him down today.

## **OPEN DOG**

### **1<sup>st</sup> Ch Tappakai Hidden Secret**

Tan and White dog of medium size. He has correct head proportions with medium sized ears and a lovely dark eye giving keen Terrier expression. He has a straight front with well developed forechest. He is lovely square dog with a cracker of a topline. He has good rear angulation, and correct tail set. Always stopping four square. He was true coming and going and had good reach and drive. It was my pleasure to award him the DCC and Best in Show and Open in Show.

### **2<sup>nd</sup> Ch Nudimah Top Cruz**

Black and White Tri dog, of top size. He has correct head proportions with a dark eye and medium sized ears. He is a little tight in front for me. A square dog with a level topline. He has correct rear angulation. Moved ok.

## **OPEN DOG - cntd**

3<sup>rd</sup> Grd Ch Atenta Christmas Cracker

Black and White Tri dog medium in size and of good type. He has correct head proportions with dark eyes. He carries a level topline. He also has a good hindquarter. Not as good coming as 1<sup>st</sup> and 2<sup>nd</sup>

## **BABY PUPPY BITCH**

1<sup>ST</sup> Gumhaven Fire Fox

Black and White Tri who was a lovely type of bitch. She has correct head proportions with a lovely dark eye and correct sized ears with good carriage. She has a straight front. She has a level topline and correctly angled hindquarter. She was a little naughty on the move but a star in the making I am sure. Pleased to award her BPIS

2<sup>nd</sup> Atenta Fridays Child

Black and White Tri bitch square in outline. She has correct head planes. She has a great little front. She has a level topline with a correct tail set. She also has good rear angulation. Movement was not on her list of priorities today, but I am sure she will work that out with practise.

3<sup>rd</sup> Turalay Black Caviar

Black and White Tri with correct head planes and a dark eye. Her front turns out a little too much at this stage, but this may improve with maturity. She is a little longer cast and could benefit from being a little shorter in hock to allow her topline to settle.

## **MINOR PUPPY BITCH**

1<sup>st</sup> Nudimah Lady Sunshine

Tri Colour bitch with a pleasant head and correct ear set with a dark eye. She has a straight front and a level topline. She would benefit from more hind quarter angulation and is a little leggy at this stage of development. She was a little naughty for her handler, but I am sure she will improve with age and experience.

2<sup>nd</sup> Atenta Indis String Of Pearls

Black and White bitch not quite the head piece of the first placed. She has a lovely dark eye. She has a straight front, but could benefit from more length in upper arm and a slightly higher tail set. She has good correct rear angulation.

## **PUPPY BITCH**

1<sup>st</sup> Atenta Valentine

Liver Tri compact medium sized. With correct head proportions, she has medium sized ears with lovely dark eyes. She has a good straight front and a level topline into good hind quarters. She moved with purpose.

## **PUPPY BITCH - cntd**

### **2<sup>nd</sup> Doubleg Angelina**

Black and White Tri bitch with correct head planes and correct ears with dark eyes, pleasing expression. She is a little loose in front and a little leggy at this stage of her development. She has a good level topline. Not quite the hind angulation as 1.

### **3<sup>rd</sup> Mealarah Little Gem**

Red and White with correct head planes and a dark eye, another with good expression. She has a good straight front with tight feet. She is of good type. She lacks rear angulation which in turn affects her topline.

## **JUNIOR BITCH**

### **1<sup>st</sup> CH Allurastar Southern Lights**

Black and White Tri of good type. She has correct head proportions and a medium sized ear with a dark eye and good expression. She has a good straight front. She has a level topline, maybe a little longer cast. She is moderately angled in the rear. Moves with purpose.

### **2<sup>nd</sup> Ch Atenta Tarantella**

Black and White Tri. She has a dark eye that is a little round. Her ears are correct. She has a straight front. She has a level topline, a little longer cast. She is moderate in rear angulation. Moved well.

### **3<sup>rd</sup> Doubleg Nitro Glycerine**

Liver Tri with a correct shaped head and good ear carriage. She has a straight front and a level topline. She was handled well by her young handler.

## **INTERMEDIATE BITCH**

### **1<sup>st</sup> Ch Zakaria Sweet Nespresso**

Liver and White Tri bitch of top size. She has a correct head shape. She has a straight front. She carried a level topline. She has moderate hind angulation. Although well set, I would like to see a better tail carriage. Moved with purpose. Pleased to award her Best Intermediate In Show.

### **2<sup>nd</sup> Ch Tentapride Siriusli Sweet**

Black and White Tri bitch. Her head is a little domed and her eyes whilst dark in colour are a little round. She has a straight front. She is square in outline. She had a level topline and correct hind angulation. I would like to see a higher tail set.

### **3<sup>rd</sup> Adail Red Ruby**

Red and White bitch with good head proportions. She has correct ears with a dark eye. She is straight in front and lacks a little in forechest. She has a level topline and could also benefit from more rear angulation.

## **AUSTRALIAN BRED BITCH**

### **1<sup>st</sup> Ch Gumhaven Sand Piper**

Liver and White Tri bitch of excellent type. She has lovely head proportions with correct medium sized ears and dark eyes, giving the required keen expression. She has a bang straight front. A beautiful topline with correct tail set. Great rear angulation and a lovely side gait. My pleasure to award her BCC, Runner Up Best and Aust Bred in Show. She pushed all the way for Best in Show, unlucky to meet the dog in such fine form.

### **2<sup>nd</sup> Ch Doubleg Fire N Ice**

Liver and White not quite the head piece of the first placed bitch. She had a dark eye and a medium sized ear. She has a straight front with good tight feet. She has a level topline and good rear angulation. My pleasure to award her the RCC.

### **3<sup>rd</sup> Adail Red Ruby**

Black and WhiteTri She has a correct head piece with a dark eye. She has a straight front and a level topline. She was a little shy on the day.

## **OPEN BITCH**

### **1<sup>st</sup> Ch Gumhaven Twist And Shout**

Black and White Tri bitch of good type. She has a correct head shape and a dark eye and medium sized ears. She has a straight front. She has a level topline. She is moderate in rear angulation. I would like her front movement to just be a little more true.

### **2<sup>nd</sup> Ch Nudimah You R My Sunshine**

Tri coloured bitch of medium in size. Not quite the head piece of the first bitch. She has a lovely dark eye with medium sized ears. She has a straight front. She has a level topline and correct rear angulation.

### **3<sup>rd</sup> Ch Gumhaven Peppermint Crisp.**

Liver and White Tri with a correct head shape. She has medium sized ears and dark eyes. She has a straight front, although her feet were a little flat. She carried a level topline, but was a little too tucked up for me. She had moderate rear angulation.
