

# Smithtown SEPTA

**Seeing the Ability in EVERY Child**

**Please Join Us**

**March 11, 2019 at 7:00 PM**

Meeting to be held at NYA Administration building at:

26 New York Ave  
Smithtown, NY 11787  
Room 222A

## **Moving Past the Jargon: A practical guide to understanding your child's evaluation**

Presented by Emma Leah Hettrich, Psy.D.  
School Psychologist  
Adjunct Professor at St. John's University

This presentation will focus on teaching parents how to read and understand their child's evaluation (e.g. cognitive, speech/language and academic testing) as it relates to understanding their child's unique learning profiles. Common jargon and technical terms used in reports will be explained with examples. Information on how strengths or weaknesses in certain cognitive or language areas can be used to inform interventions will also be discussed.

Please join us after the presentation for our discussion circle. This is a great opportunity to learn from, share, and support each other. Hope to see you there.
