

Offering custom designed seminars, consultations, training and workshops ([see list of topics](#)) to educate on emotional trauma, attachment, adoption and foster care.

## Families

- Online, telephone, or skype consultations regarding child behaviors, family interactions, and possible treatments
- Online, skype, or in-person trainings for family members or small groups of extended family or professionals involved in the child's care
- Online, skype, or telephone consultation for parents regarding their own fears, concerns, or feelings of frustrations regarding their situation

Sharing good thoughts in a seminar for parents

## Professionals

- Online, telephone, skype, or in-person trainings regarding appropriate and best practice treatment for children with trauma and attachment issues
- Online, skype, or telephone consultations regarding specific clients' issues
- Ongoing small group consultation for mental health professionals
- Consultation with insurance carriers regarding appropriate care
- Consultation with child protective services regarding issues of placement and mental health treatment

Thanks so much—I really appreciate your help! Your book has already been extremely helpful to our agency. I gave a talk on attachment to parents in the adoption process and it was exactly what we needed!

— *Nicole Sundboom, BSSW, CSW*  
*Case Manager, Lutheran Social Services-Treatment Foster Care*

Lark with Phillis Booth, of [The Theraplay Institute](#) provides a workshop at The Elizabeth Murphey School, Dover, DE, 2014
